Priority areas for the next month will be meeting with Minnesota legislative leaders; preparation for the next one-on-one meeting with P3 proposers; continued Phase 1 and opportunistic land acquisitions; initiation of Phase 2 land acquisitions; and increased outreach efforts focusing on social media.

Ty Smith from CH2M provided a construction update on the 4th Street North pump station generator building and Oxbow home demolition and relocation project.

5. ADMINISTRATIVE/LEGAL UPDATE

Houston-Moore Group (HMG) – Resolution Amending Master Services Agreement

Attorney John Shockley said Houston-Moore Group (HMG) is the designer of record for the project. He said negotiations continue on an amended Master Services Agreement, so the request today is to approve a 30-day extension of the current contract.

MOTION, passed

Mr. Grindberg moved and Ms. Williams seconded to approve a Resolution Approving Amendment No. 1 to the Agreement between the Metro Flood Diversion Authority and Houston-Moore Group LLC for Professional Services extending the term of agreement. On roll call vote, the motion carried unanimously.

Executive Director – Professional Services Agreement

Michael Redlinger, Assistant Fargo City Administrator and Co-Executive Director, said a committee made up of him, Darrell Vanyo, John Shockley and Brian Berg reviewed proposals from firms for the recruitment and screening process for the Executive Director position. The committee considered companies with public, private and non-profit experience and recommend hiring CPS HR Consulting, Inc. at a cost not to exceed \$26,500. CPS has experience with P3 projects. He said Fox Lawson, salary consultant for Cass County, has agreed to review the job description at a cost of \$500.

Mr. Grindberg questions what skill set is needed for the position and believes there will be quality candidates found locally. He thinks the Diversion Authority will achieve the same results without hiring a firm.

Mr. Strand would be willing to consider hiring a firm if for some reason the Diversion Authority did not receive a pool of experienced candidates through advertising using city and county resources.

Mr. Peterson is struggling with the cost since he believes the Diversion Authority will receive a quality pool of local candidates and will also draw interest from people nationally without hiring a firm.

Ms. Williams said the position will require special skills considering the size of the project and will need someone with an engineering degree and broad experience. She supports hiring the firm to assist with the process.

Mr. Vanyo thanked Mr. Redlinger for his work and said this firm may serve as an avenue to obtain a larger pool of candidates for the Executive Director position.

MOTION, passed

Mr. Brodshaug moved and Mr. Weyland seconded to approve the professional services agreement with CPS HR Consulting, Inc. in an amount not to exceed \$26,500. Discussion: Mr. Brodshaug said this service will act as a supplement to local recruitment channels. Mr. Campbell supports the motion and believes the cost is worthwhile. Mr. Hendrickson believes the cost is a good investment for the Diversion Authority. On roll call vote, the motion carried with Mr. Brodshaug, Mr. Weyland, Mr. Mahoney, Mr. Vanyo, Mr. Steen, Mr. Campbell, Ms. Williams, Mr. Hendrickson, Mr. Paulsen, and Mr. Thorstad voting “Yes”; and Mr. Strand, Mr. Grindberg and Mr. Peterson voting “No”.
