**METRO FLOOD DIVERSION AUTHORITY
DECEMBER 20, 2018—3:30 PM**

1. MEETING TO ORDER

A meeting of the Metro Flood Diversion Authority was held Thursday, December 20, 2018, at 3:30 PM in the Fargo City Commission Room with the following members present: Moorhead City Mayor Del Rae Williams; Moorhead City Council Member Chuck Hendrickson; Moorhead City Council Member Joel Paulsen; Clay County Commissioner Kevin Campbell; Clay County Commissioner Grant Weyland; Fargo City Mayor Tim Mahoney; Fargo City Commissioner Tony Grindberg; Fargo City Commissioner Dave Piepkorn; Cass County Commissioner Mary Scherling; Cass County Commissioner Rick Steen; Cass County Commissioner Chad Peterson; West Fargo City Commissioner Mike Thorstad; and Cass County Joint Water Resource District Manager Dan Jacobson. Mark Nisbet from the Chamber Business Leaders Task Force was also present.

2. MINUTES APPROVED

MOTION, passed

Mr. Mahoney moved and Mr. Campbell seconded to approve the minutes from the meetings held October 25, 2018, and December 3, 2018, as presented. Motion carried.

3. AGENDA ORDER

MOTION, passed

Mr. Weyland moved and Mr. Paulsen seconded to approve the order of the agenda with the removal of the cost share agreement with Metropolitan Council of Governments. Motion carried.

4. MANAGEMENT UPDATE

Martin Nicholson from Jacobs provided an update on activities over the last month, which include review and comments on the MDNR Supplemental Environmental Impact Statement (SEIS); continued work with the MDNR and other parties to advance the permit application review; acceptance of Plan B estimated cost and endorsement of financial proposal with direction given to staff and consultants to pursue additional funding; briefing to Business Leaders Task Force on project status; work plans to resume land acquisition and outreach after permit and environmental approvals; and coordination with Diversion Authority leadership on pre-legislative briefings.

Priorities for next month, pending Minnesota permit decision, include coordination with local entities to secure state grants and loans as part of the financing plan; submitting a request to amend the Project Partnership Agreement (PPA) to secure additional federal funding; and resuming land acquisition and impacted property mitigation activities.

5. ADMINISTRATIVE/LEGAL

Memorandum of Understanding – Generator

Attorney John Shockley discussed a Memorandum of Understanding (MOU) between the City of Fargo and the Diversion Authority to share the cost of maintenance and operation of a generator to serve Fargo Storm Sewer Lift Station #23 and backup power for Fargo City Hall. Fargo has approved the MOU. The term is for ten years and will automatically renew for an additional ten years. The Diversion Authority will be responsible for 35% of the cost and Fargo will be responsible for the remaining 65% of the cost.

MOTION, passed

Mr. Mahoney moved and Mr. Paulsen seconded to approve the Memorandum of Understanding between the City of Fargo and Metro Flood Diversion Authority. On roll call vote, the motion carried unanimously.

2019 Meeting Schedule

Eric Dodds from AE2S discussed the 2019 meeting schedule for the board to consider. The Diversion Board is scheduled to meet the fourth Thursday of each month with the exception of November and December.

The board discussed scheduling a meeting on the second Thursday in the event additional business needs to be handled. If there is no business, this meeting would be cancelled.

Mrs. Scherling discussed holding a special meeting on January 14th with an executive session. A final determination on a meeting date will be made after a decision is received regarding the Minnesota permit.

6. PUBLIC OUTREACH UPDATECommittee report

The Public Outreach Committee met on December 19th. Rocky Schneider from AE2S said the focus is on the funding plan and outreach to legislators.

Business Leaders Task Force

Mr. Nisbet said the task force is prepared to help with lobbying efforts and testimony at the upcoming legislative session in support of the project.

7. LAND MANAGEMENT

The Land Management Committee met on December 19th. Mrs. Scherling said the committee received the results from Phase 1 of the Flowage Easement Study. Phase 2 will review the affected parcels in further detail so the process is done accurately, fairly and scientifically.

8. FINANCE UPDATECommittee report

The Finance Committee met on December 19th. Mr. Grindberg provided a brief financial update on the overall program status. The project cost-to-date is \$450 million and statement of net position is \$83.1 million.

Voucher approval

The bills for the month are with Dorsey & Whitney for legal services; North Dakota Water Users Association for membership dues; and Ohnstad Twichell, P.C. for legal services.

MOTION, passed

Mr. Grindberg moved and Mr. Mahoney seconded to approve the vouchers received through December 14, 2018, in the amount of \$93,902.43. On roll call vote, the motion carried unanimously.

Recommended Contracting Actions

Mr. Nicholson discussed three task order amendments for \$120,290.00 and one change order for a deduction of \$228.00 approved by the Co-Executive Directors. He also discussed two task order amendments as follows:

- Houston-Moore Group, LLC (Task Order 1, Amendment 13 – Project Management)—add budget subtasks for 2019 activities, reallocate unused portions of subtask budgets, and extend the period of performance to December 31, 2019, in the amount of \$771,640.00;
- Houston-Moore Group, LLC (Task Order 23 Amendment 1 – WP-43 pump station)—reallocate unused portions of subtask budgets, add WP-43CD SDC and PM budget, and extend the period of performance through June 30, 2019, in the amount of \$137,188.54.

MOTION, passed

Mr. Jacobson moved and Mr. Piepkorn seconded to approve the task order amendments as outlined. On roll call vote, the motion carried with Ms. Williams, Mr. Hendrickson, Mr. Paulsen, Mr. Campbell, Mr. Weyland, Mr. Mahoney, Mr. Piepkorn, Mrs. Scherling, Mr. Peterson, Mr. Jacobson and Mr. Thorstad voting “Yes”; Mr. Grindberg and Mr. Steen voting “No”.

Q1 2019 Budget

Mr. Grindberg said the Finance Committee approved a budget for the first quarter (Q1) of FY 2019 as a placeholder for project funding.

MOTION, passed

Mr. Steen moved and Mr. Grindberg seconded to approve the FY 2019 Q1 Budget in the amount of \$8,458,000. On roll call vote, the motion carried unanimously.

9. OTHER BUSINESS, Outgoing board member

Mrs. Scherling and Mr. Mahoney presented gifts to Mayor Del Rae Williams, whose term ends this year. They thanked her for her service on the board the last four years and for her efforts with the Governors’ Task Force.

10. NEXT MEETING DATE

The next regular meeting will be held on Thursday, January 24, 2019.

11. EXECUTIVE SESSION

North Dakota state law allows the Board to meet in private session to consult legal counsel to discuss ongoing litigation and contract negotiations.

MOTION, passed

Mr. Piepkorn moved and Mr. Peterson seconded that the Metro Flood Diversion Authority meet in Executive Session pursuant to to N.D.C.C. § 44-04-19.1, subsections 2 and 9, to consult with its Attorneys regarding the ongoing litigation in the matters of Richland/Wilkin JPA and MNDNR v. the United States Army Corps of Engineers and Fargo Moorhead Flood Diversion Authority as Intervenor, Civil File No. 0:13-cv-02262-JRT-LIB and the contested case hearing before the Minnesota Office of Administrative Hearings regarding the MNDNR permit for Metro Flood Diversion Authority.

Diversion Authority Board members, key administrative staff, and Attorney John Shockley moved to the River Room at 4:30 PM.

The Executive Session ended at 5:00 PM, and the meeting was re-opened to the public.

12. ADJOURNMENT

MOTION, passed

On motion by Mr. Campbell, seconded by Mr. Peterson, and all voting in favor, the meeting was adjourned at 5:01 PM.

**METRO FLOOD DIVERSION AUTHORITY
JANUARY 3, 2019—4:00 PM**

1. MEETING TO ORDER

A meeting of the Metro Flood Diversion Authority was held Thursday, January 3, 2019, at 4:00 PM in the River Room at Fargo City Hall with the following members present: Moorhead City Council Member Chuck Hendrickson; Clay County Commissioner Kevin Campbell; Clay County Commissioner Grant Weyland; Fargo City Mayor Tim Mahoney; Cass County Joint Water Resource District Vice Chairman Rodger Olson; West Fargo City Commissioner Mike Thorstad; and Moorhead City Council Member Joel Paulsen. Fargo City Commissioner Dave Piepkorn; Cass County Commissioner Mary Scherling; Cass County Commissioner Rick Steen; Cass County Commissioner Chad Peterson; and Moorhead City Mayor Del Rae Williams were present via teleconference. Fargo City Commissioner Tony Grindberg was absent.

2. EXECUTIVE SESSION

North Dakota state law allows the Board to meet in private session to consult with legal counsel to discuss ongoing litigation.

MOTION, passed

Mr. Weyland moved and Mr. Hendrickson seconded that the Metro Flood Diversion Authority meet in executive session, as authorized by North Dakota Century Code, pursuant to N.D.C.C. § 44-04-19.1, subsections 2 and 9, to consult with its Attorneys regarding the ongoing litigation in the matters of Richland/Wilkin JPA and MNDNR v. the United States Army Corps of Engineers and Fargo Moorhead Flood Diversion Authority as Intervenor, Civil File No. 0:13-cv-02262-JRT-LIB and the contested case hearing before the Minnesota Office of Administrative Hearings regarding the MNDNR permit for Metro Flood Diversion Authority. Motion carried.

Diversion Authority Board members and key administrative staff remained in the River Room for the executive session beginning at 4:04 PM.

The executive session ended and the meeting was re-opened to the public at 4:34 PM.

3. EXECUTIVE SESSION REPORT

MOTION, passed

Dr. Mahoney moved and Mr. Paulsen seconded to authorize litigation counsel to resolve the current litigation and work with MNDNR. On roll call vote, the motion carried unanimously.

4. ADJOURNMENT

MOTION, passed

On motion by Mr. Olson, seconded by Mr. Hendrickson, and all voting in favor, the meeting was adjourned at 4:34 PM.

**RESOLUTION CONFIRMING RECOMMENDATIONS AND APPOINTMENTS TO
DIVERSION AUTHORITY BOARD, FINANCE COMMITTEE,
LAND MANAGEMENT COMMITTEE, AND
PUBLIC OUTREACH COMMITTEE**

of the

METRO FLOOD DIVERSION AUTHORITY

Approved on _____, 2019

This instrument was drafted by:
Ohnstad Twichell, P.C.
P.O. Box 458
West Fargo, North Dakota 58078

Member _____ introduced the following resolution and moved for its adoption:

**RESOLUTION CONFIRMING RECOMMENDATIONS AND APPOINTMENTS TO
DIVERSION AUTHORITY BOARD, FINANCE COMMITTEE,
LAND MANAGEMENT COMMITTEE, AND
PUBLIC OUTREACH COMMITTEE**

WHEREAS, the Metro Flood Diversion Authority (the “Diversion Authority”) was established by five (5) member entities through the execution of a Joint Powers Agreement, dated June 1, 2016 (the “Joint Powers Agreement”), for the purpose of executing the Fargo-Moorhead Metropolitan Area Flood Risk Management Project (the “Project”); and

WHEREAS, Section 5.01 of the JPA establishes the governing body of the Diversion Authority, the Diversion Authority Board, and sets forth its member composition; and

WHEREAS, such member composition consists of individuals appointed by the member entities, as well as two (2) other entities, to the Diversion Authority Board; and

WHEREAS, Section 6.01 of the JPA authorizes the Diversion Authority Board to establish committees to advise the Diversion Authority Board: “The Diversion Authority Board may establish boards and committees to advise the Diversion Authority Board with response to a Project function or activity, to investigate a subject of interest to the Metro Flood Diversion Authority, to perform quasi-judicial functions, or to perform any other task”; and

WHEREAS, Sections 6.02, 6.09, and 6.16 of the JPA create, or continue the establishment of, the Land Management Committee, the Finance Committee, and the Public Outreach Committee; and

WHEREAS, Section 6.04 of the JPA establishes the member composition of the Land Management Committee, Section 6.11 of the JPA establishes the member composition of the Finance Committee, and Section 6.16 of the JPA establishes the member composition of the Public Outreach Committee; and

WHEREAS, pursuant to Sections 6.04, 6.11, and 6.16 of the JPA, the member entities make recommendations for membership and the Diversion Authority Board appoints such members to their respective committees; and

WHEREAS, pursuant to Sections 5.01, 6.04, 6.11, and 6.16 of the JPA, the Diversion Authority Board desires to appoint and confirm members of the Diversion Authority Board, Finance Committee, Land Management Committee, and the Public Outreach Committee.

NOW, THEREFORE, BE IT RESOLVED by the governing body of the Metro Flood Diversion Authority:

1. Appointments. The Diversion Authority Board hereby appoints the individuals set forth in Exhibit A attached hereto to the member positions of the Diversion Authority

Board, Land Management Committee, the Finance Committee, and the Public Outreach Committee. These individuals will serve in this capacity until resignation or until further action by their respective member entities or the Diversion Authority Board.

2. Effective Date. The above-described appointments will commence immediately.

Dated: _____, 2019

MEMORANDUM

Cost Share Agreement with MetroCOG for the Updated Recreational Plan

PREPARED FOR: Flood Diversion Board of Authority
PREPARED BY: Jason Benson
DATE: January 14, 2019

The local technical and administrative staff have recently coordinated with the Fargo-Moorhead Metropolitan Council of Governments (MetroCOG) to update the Diversion Recreation Plan. MetroCOG has developed a scope of work to update the existing Recreation Plan at an approximate cost of \$80,000 in 2019 and \$150,000 in 2020. MetroCOG has allocated 50% of this cost and is seeking a 50% cost share from the Flood Diversion Board of Authority (DA). The DA's share will be \$40,000 in 2019 and \$75,000 in 2020 for a total of \$115,000. The study will start in 2019 and be completed by September 2020.

The Flood Diversion Board of Authority completed a Recreation Plan back in 2012. This plan was developed to identify potential recreation and land use opportunities that could be incorporated into the channel and associated Diversion lands. The plan identified the potential to create a significant, interconnected system of recreation features, cultural resource interpretation, and natural and agricultural landscapes that will link communities, expand the regional trail networks, and improve access to local rivers.

MetroCOG has identified the Recreational Plan as a critical component of Diversion Project in designing and construction recreation features that tie together existing trails and parks within the FM Metro Area. Updating the existing plan now will ensure involvement of both community leaders and the public to identify the best recreation alternatives. With significant growth in the metro area since 2012, this updated plan will help coordinate the recreation plan with other area comprehensive plans, parks, and trail networks. It will also help inform the DA of opportunities, recreation grants/funding, and other potential recreational project partners.

MetroCOG Scope of Work:

The Fargo-Moorhead Diversion presents a significant opportunity for trails and associated recreational features on the banks of the channel. A trail system could be the most continuous feature of the plan. Connections to the metropolitan trail network would be an important feature that would increase use of the facilities and ensure access for local users. The purpose of the plan is to facilitate recreational concepts into the design and construction of the diversion project. In addition, these concepts would be developed so they can be constructed in phases both during and after the diversion construction as funding is available. The plan would prepare concepts for trails, trail connections, and recreational features, and would allow for the preparation of planning level cost estimates. Given the route of the diversion channel, the recreation plan would involve multiple jurisdictions, including Fargo, West Fargo, Cass County, Horace, and possibly others within the metropolitan planning area.

Planning Activities:

- Corridor Analysis
- Diversion Authority and Multijurisdictional Coordination
- Organize and attend SRC meetings and other SRC coordination
- Conceptual layout alternatives

- Visualizations
- Planning level cost estimates
- Project management and oversight
- Document Development
- Review of draft and final plan
- Public engagement events
- Coordinate Diversion Authority and jurisdictional review of the plan
- Present to TTC and Policy Board for final approval

SUGGESTED MOTION: Approve the cost share agreement with Fargo-Moorhead Metropolitan Council of Governments to updated the FM Area Diversion Project Recreation Plan with a 50% cost share estimate at \$115,000.

COST REIMBURSEMENT AGREEMENT

COST REIMBURSEMENT AGREEMENT

THIS AGREEMENT (the “Agreement”) is made and entered into as of the date of the last signature below (the “Effective Date”), by and between the Metro Flood Diversion Authority (“Diversion Authority”) and the Fargo-Moorhead Metropolitan Council of Governments (“Metro COG”).

WHEREAS, the Fargo-Moorhead Diversion presents a significant opportunity for trails and associated recreational features on the banks of the channel; and

WHEREAS, the Fargo-Moorhead Diversion completed a Recreation Plan in 2012 (the “Plan”) to develop and identify potential recreation and land use opportunities that could be incorporated into the channel and associated Diversion lands; and

WHEREAS, the Plan identified the potential to create a significant, interconnected system of recreation features, cultural resource interpretation, and cultural and agricultural landscapes that will link communities, expand the regional trail networks, and improve access to local rivers; and

WHEREAS, Metro COG has identified the Plan as a critical component of the Diversion Project in designing and construction of recreation features that tie together existing trails and parks within the FM Metro Area; and

WHEREAS, it has been determined that now is the appropriate time to update the Plan to ensure involvement from both community leaders and the public to help identify the best recreation alternatives and help coordinate the Plan with other area comprehensive plans, parks and trail networks, and to inform the Diversion Authority of opportunities, recreation grants/funding, and other potential recreational project partners (the “Project”); and

WHEREAS, the Project will work to facilitate recreational concepts into the design and construction of the diversion project; and

WHEREAS, the Project will prepare concepts for trails, trail connections, and recreational features, and would allow for the preparation of planning level cost estimates; and

WHEREAS, these concepts will be developed so they can be constructed in phases both during and after the diversion construction, as funding is available; and

WHEREAS, given the route of the diversion channel, the Project will involve multiple jurisdictions, including Fargo, West Fargo, Cass County, Horace, and possibly others within the metropolitan planning area; and

WHEREAS, activities involved in the Project will include, but not be limited to: corridor analysis; Diversion Authority and multijurisdictional coordination; SRC meeting participation and other SRC coordination; conceptual layout alternatives; visualizations; determining planning level cost estimates; project management and oversight; document development; draft and final plan review; public engagement events; coordinating Diversion Authority and jurisdictional review of the Project; and presentation to the TTC and Policy Board for final approval; and

WHEREAS, Metro COG will be the Project Manager for the Project by issuing an RFP, selecting and contracting with a consultant to perform the work (the “Consultant”), receiving the federal and local funds, overseeing payments to the Consultant and distributing the work product to the local governmental entities, all under an agreement between Metro COG and the Consultant (the “Project Contract”); and

WHEREAS, the Diversion Authority desires to participate and receive Project documents pursuant to the Project Contract, and has agreed to provide reimbursement payments of non-federal funds to Metro COG for the Consultant’s services; and

WHEREAS, the estimated cost of the Project is TWO HUNDRED THIRTY THOUSAND AND 00/100 DOLLARS (\$230,000.00), with the Diversion Authority’s reimbursement being fifty percent (50%) of the total cost; and

WHEREAS, the parties desire to enter into this Agreement to set forth terms for which the Diversion Authority will provide reimbursement for the Project.

NOW THEREFORE, it is agreed by and between the parties as follows:

1. THE PROJECT. Metro COG will be responsible for work associated with and related to the Project. Metro COG will act as the Project Manager and intermediary to the Diversion Authority. The Project will start in 2019, and is estimated to be completed in 2020.
2. COMPENSATION. The estimated cost of the Project is TWO HUNDRED THIRTY THOUSAND AND 00/100 DOLLARS (\$230,000.00). The Diversion Authority will be responsible for fifty percent (50%) of the total cost of the Project. Metro COG will submit invoices to the Diversion Authority as they are received, in accordance with the terms of this Agreement.
3. DELIVERABLES. The Diversion Authority will receive Project documents in accordance with deadlines and formats and set forth in the Project Contract. Metro COG agrees to provide the Diversion Authority with any Project documents within fifteen (15) days of Metro COG’s receipt of final documents from the Consultant.
4. PROJECT DOCUMENT USE AND OWNERSHIP. The use and ownership of documents produced by the Project will be governed by the terms of the Project Contract.
5. TERM. The term of this Agreement will begin on the Effective Date and continue through December 31, 2021.
6. EXTENSION OF TERM. The parties will have the right to extend this Agreement for such additional period as determined by both parties. Any extension must be in writing pursuant to the modification terms of this Agreement.
7. NO REIMBURSEMENT OF EXPENSES. The Diversion Authority will not be responsible for reimbursing Metro COG for any expenses incurred by Metro COG related to the Project, except as set forth in this Agreement.

8. INVOICING AND PAYMENT.

A. Metro COG must submit a copy of each invoice to:

NBoerboom@cityoffargo.com

OR

Nathan Boerboom, Division Engineer
Metro Flood Diversion Authority
c/o City of Fargo
225 4th St. N
Fargo, ND 58102

B. Metro COG's invoice must clearly indicate fees incurred for the current related period and include at least the following information:

- (1) Metro COG's name and address;
- (2) Metro COG's federal employer identification number;
- (3) Name of the matter and number of the file; and
- (4) Unique invoice number.

C. Each invoice will be paid to Metro COG within thirty (30) days of the Diversion Authority's receipt of the invoice from Metro COG.

9. TERMINATION.

A. Either party may terminate this Agreement upon fourteen (14) days' written notice, in whole or in part, if:

- (1) The Diversion Authority determines that having Metro COG provide services has become infeasible due to changes in applicable laws or regulations, or
- (2) Expected or actual funding to compensate Metro COG is withdrawn, reduced, or limited.

B. Upon receipt of any termination notice from the Diversion Authority, Metro COG must promptly discontinue all affected services unless the notice specifies otherwise. Metro COG must deliver all Project documents and materials to the Diversion Authority within seven (7) days of the Metro COG's receipt of any termination notice.

C. Upon the end date of this Agreement, which is the later of the date when this Agreement as a whole expires or is terminated pursuant to its terms:

- (1) The Diversion Authority will be released from compensating Metro COG for services other than those performed in accordance with this Agreement.
- (2) Metro COG will be released from performing services, except for services in any non-terminated portion of this Agreement.

D. All rights and duties with respect to services performed prior to the expiration or termination of this Agreement, and continuing obligations specified in this Agreement to be performed following expiration or termination of this Agreement, will survive the expiration or termination of this Agreement.

10. NOTICE. Any notice or election required or permitted to be given or served by any party to this Agreement upon any other will be deemed given or served in accordance with the provisions of this Agreement if said notice or election is (i) delivered personally, or (ii) mailed by United States certified mail, return receipt requested, postage prepaid and in any case properly addressed as follows:

If to Metro COG: Attn: Chair, Metro COG Policy Board
F-M Metropolitan Council of Governments
1 2nd St. N, Suite 232
Fargo, ND 58102

If to Diversion Authority: Attn: Chair
Metro Flood Diversion Authority
P.O. Box 2806
Fargo, ND 58108

Each such mailed notice or communication will be deemed to have been given on the date the same is deposited in the United States mail. Each such delivered notice or communication will be deemed to have been given upon the delivery. Any party may change its address for service of notice in the manner specified in this Agreement.

11. PROHIBITION AGAINST ASSIGNMENT. Except as otherwise expressly provided in this Agreement, Metro COG agrees on behalf of itself, its officers and partners and the personal representatives of the same, and any other person or persons claiming any benefits under Metro COG by virtue of this Agreement, that this Agreement and the rights, interests, and benefits hereunder shall not be assigned, transferred, pledged or hypothecated in any way by Metro COG or by any other person claiming under it by virtue of this Agreement, and shall not be subject to execution, attachment or similar process. Any attempt at assignment, transfer, or of pledge or hypothecation or other disposition of this Agreement or of such rights, interests, and benefits contrary to the foregoing provisions or the levy of any attachment or similar process shall be null and void and without affect.
12. MODIFICATION. This Agreement contains the entire understanding of the parties. It may not be changed orally, but only upon an agreement in writing approved by both parties' governing bodies. It may be modified as to terms and conditions from time to time upon the mutual consent of the parties; however, such modification shall be reduced to writing, signed by the parties and the document appended to and made a part of this Agreement.
13. WAIVER. A party's waiver of enforcement of any of this Agreement's terms or conditions will be effective only if it is in writing. A party's specific waiver will not constitute a waiver by that party of any earlier, concurrent, or later breach or default.

14. BINDING EFFECT. This Agreement shall be binding upon and inure to the benefit of the Diversion Authority, its successors and assigns, and any such successor shall be deemed substituted for the Diversion Authority under the terms of this Agreement. This Agreement shall likewise be binding upon Metro COG, its successors and assigns. As used in this Agreement, the term “successor” shall include any person, firm, corporation or other business entity which at any time whether by merger, purchase or otherwise acquires all or substantially all of the assets or business of the corporation.
15. NEGOTIATED AGREEMENT. This Agreement has been reached through negotiation between the parties.
16. SEVERABILITY. If any court of competent jurisdiction declares any provision or part of this Agreement to be invalid or unenforceable, all remaining terms and provisions of this Agreement will remain binding and enforceable.
17. CONTROLLING LAW AND VENUE. This Agreement will be controlled by the laws of the State of North Dakota, and any action brought as a result of any claim, demand or cause of action arising under the terms of this Agreement must be brought in an appropriate venue in the State of North Dakota.
18. COUNTERPARTS. This Agreement may be executed in two or more counterparts, each of which together will be deemed an original, but all of which together will constitute one and the same instrument. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature will create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

<i>Task Orders – Diversion Authority</i>		
Task Order 02, Amendment 02 – Interim Program Management Services <ul style="list-style-type: none">• Extend Period of Performance to April 30,2019• Modify Task C – Develop an overall program schedule	CH2M Hill Engineers, Inc.	\$1,750,000

**AMENDMENT NO. 2 to Task Order 2
Metro Flood Diversion Authority
Fargo-Moorhead Area Diversion Project
Interim Program Management and Related Services**

This Amendment No. 2 is to CH2M Hill's Task Order 2 - Interim Program Management and Related Services for the Fargo-Moorhead Metro Flood Diversion Project.

The purpose of this Amendment No. 2 is to extend the period of performance for services and increase the total budget amount by \$1,750,000 for services under Task Order 2, and other revisions as described in this Amendment.

1. Modify Term as follows:
 - a. In the first sentence, replace "terminate on January 31, 2019" with "terminate on April 30, 2019."

2. Modify Task C as follows:
 - a. Add as the second sentence to item 3, "Develop an overall program schedule of activities aligned with the program scope and monitor program schedule to track potential schedule changes and impacts to the program's critical path."
 - b. Revise item 4.a by adding "schedule," after "expenditures".

3. Modify Task K as follows:
 - a. In the first paragraph, replace "May 1, 2018" with "February 1, 2019."

4. Modify the Budget and Payments to CONSULTANT as follows:
 - a. Replace "\$4,100,000" with "\$5,850,000."

This Amendment and the services covered by this Amendment will be performed in accordance with the Provisions and any attachments or schedules of the Agreement. This Amendment will become a part of the referenced Agreement when executed by both parties. All other terms and conditions of Task Order 2 not otherwise modified, superseded or replaced by this Amendment shall continue to be in full force and effect.

RE Lands Program Task Order

Mr. Redlinger and Mr. Wilson,

The FM Area Diversion Project requires the acquisition of approximately \$500 Million of property rights to fully implement the Project. The Diversion Authority retained CH2M, now Jacobs, along with AE2S to serve as its Program Management Consultant (PMC) in November of 2011. The PMC is tasked with primary responsibilities to plan and implement the Project. It has been recognized that acquiring the necessary property rights and mitigating the impacted properties is a critical path activity to implementing the Project. As such, the Diversion Authority has requested a task order agreement with Jacobs and AE2S focused on managing the acquisition of all property rights and mitigation of all impacted properties. Jacobs and AE2S are pleased to present the attached Task Order 4 for consideration by the Diversion Authority.

The attached Task Order 4 is between the Diversion Authority and Jacobs. However, the Task Order is developed based on the condition that the Cass County Joint Water Resource District (CCJWRD) has assumed the role of acquiring the necessary property rights in North Dakota. In addition, the Task Order is also based on the assumption that the City of Moorhead and Clay County will form a new joint powers authority, the Moorhead Clay County Joint Powers Authority (MCCJPA) to assume the role of acquiring the necessary property rights in Minnesota.

The attached Task Order 4 includes the functions and activities to enable Jacobs and AE2S to assist the Diversion Authority, along with CCJWRD and MCCJPA, to manage the acquisition of all property rights and mitigation of all impacted properties required for the Project. The services in this Task Order will position the Diversion Authority to deliver the property rights necessary for the Public Private Partnership (P3) developer as well as for the USACE constructed features of the Project. The scope of services included in Task Order 4 have been categorized into five tasks, which are summarized in the following table.

Task	Title	Summary
4.A	Program Administrative Services	Administrative services as required to support the property acquisition and mitigation program. Maintain and utilize a cost-loaded schedule, document controls systems, and cost management tools to support the property acquisition and mitigation program.
4.B	Public Involvement and Outreach Services	Manage public outreach, involvement, and education program as required for property acquisition and mitigation.
4.C	Property Rights Acquisition Management	Manage the acquisition and mitigation of approximately \$500 Million in property rights required for the PROJECT.
4.D	Property Surveying Services	Manage and perform property surveying services for the PROJECT.
4.E	Property Management	Manage the properties acquired by the PROJECT.

It is estimated that it will take several years to acquire all of the necessary property rights and mitigate all of the impacted properties for the Project. As such, Task Order 4 is based on providing services starting in 2019 and continuing through 2026. The level of effort necessary to perform the scope of services is expected to vary over the course of this timeframe. Resuming the lands program will require a ramp-up of effort in 2019, including outreach to impacted property owners, issuing an RFP for appraisal services, focusing on acquisitions for the channel, developing policies for upstream structure acquisitions, and advancing the property mitigation plans such as the Phase 2 flowage easement study. It is expected that the acquisition of flowage easements will begin in 2020, along with completion of acquisition for the channel. Property surveying is expected to be complete by 2021. A schedule of acquisitions for all of the key features of the Project is included in the Task Order. It is expected that significant progress will be made through 2021 and the acquisitions and relocations of properties in the upstream mitigation area will require a focused, but reducing level of effort from 2022 through 2026.

The proposed fees for Task Order 4 are commensurate with the anticipated schedule and level of effort described above. For the eight year Task Order, the total estimated fees are \$21,180,600. The estimated annual fees are presented in the attached table. In addition, the annual level of effort is defined by full-time-equivalent (FTE) staff in the attached graph. It is expected that the Diversion Authority will review the annual fee estimates as part of the annual program budget development and approval process.

We appreciate the opportunity to provide services to implement the FM Area Diversion Project.

Task Order 4
Metro Flood Diversion Authority
Fargo-Moorhead Area Diversion Project

MFDA Purchase Order No. _____

In accordance with Article 1 of the *MASTER AGREEMENT FOR PROFESSIONAL SERVICES* (“AGREEMENT”), between the Metro Flood Diversion Authority (“OWNER”) and CH2M HILL ENGINEERS, INC. (“CONSULTANT”), a wholly owned subsidiary of Jacobs Engineering, Inc., dated January 13, 2017, OWNER and CONSULTANT agree to the scope of services, work schedule, and compensation as follows:

Task Order Title: Property Acquisition Management Services

Term: This Task Order shall commence on January 24, 2019, and terminate on December 31, 2026, unless terminated sooner in accordance with the AGREEMENT and/or as set forth in this Task Order.

Preamble:

CH2M, now Jacobs, along with SUBCONSULTANT (Advanced Engineering and Environmental Services, Inc. (AE2S)) has served as the Program Management Consultant (PMC) to the Diversion Authority since November of 2011, with primary responsibilities to plan and implement the Fargo-Moorhead Area Diversion Project (“PROJECT”). It has been recognized that acquiring the necessary property rights and mitigating the impacted properties is a critical path activity. As such, the OWNER, CONSULTANT, and SUBCONSULTANT have agreed to enter into a Task Order focused on managing the acquisition of property rights and mitigation of impacted properties.

This Task Order is based on the condition that OWNER has assigned the role of acquiring property rights in North Dakota to the Cass County Joint Water Resource District (“CCJWRD”). In addition, this Task Order is also based on the assumption that the City of Moorhead and Clay County will form a new joint powers authority, the Moorhead Clay County Joint Powers Authority (MCCJPA). It is assumed that the Diversion Authority will assign the role of acquiring property rights in Minnesota to the MCCJPA.

The scope of services for this Task Order 4 includes the functions and activities of the CONSULTANT’s and SUBCONSULTANT’s team to assist the OWNER, CCJWRD, and MCCJPA with managing the acquisition of property rights and mitigation of impacted properties required for the PROJECT. The property acquisition management services in this Task Order will position the OWNER to deliver the property rights necessary for the Public Private Partnership (P3) developer as well as for the USACE constructed features of the PROJECT.

CONSULTANT and SUBCONSULTANT have developed the Property Rights Acquisition and Mitigation (PRAM) Plan, version 4, dated August 31, 2018. The processes, procedures, and policies included in the PRAM Plan shall be utilized for the property acquisition program for the PROJECT. The PRAM Plan may be updated from time to time, as necessary, with input, review, and approval by OWNER.

In performing services under this Task Order, CONSULTANT and SUBCONSULTANT will answer to and comply with all work directives of the CCJWRD and MCCJPA to manage property rights acquisitions, relocations, property management, and related issues.

OWNER will provide recommendations to CCJWRD, MCCJPA, CONSULTANT, and SUBCONSULTANT at the regular Land Coordination meetings and OWNER’s monthly Land Management Committee meetings. OWNER will advise CCJWRD, MCCJPA, CONSULTANT, and SUBCONSULTANT on OWNER’s policy decisions regarding acquisition of property rights, property management, and impacted property mitigation.

To facilitate property acquisitions in North Dakota, CCJWRD shall contract with land acquisition firms. To facilitate property acquisitions in Minnesota, MCCJPA shall also contract with one or more land acquisition firms. The land acquisition firms will conduct activities, such as serving as the primary point of contact with property owners, developing and maintaining relationships with property owners, sending notices to property owners, obtaining rights of entry for performing surveys and inspections, presenting initial purchase offers to property owners, negotiating with property owners, developing term sheets to assist legal counsel for OWNER, CCJWRD, and MCCJPA with developing purchase agreements, coordinating and attending property closings, providing and coordinating relocation assistance for displaced persons. CCJWRD and MCCJPA will maintain or enter into contracts with land acquisition firms Houston-Moore Group, Inc., ProSource Technologies, and Ulteig Engineers, Inc., and other land acquisition firms, as deemed necessary by the Diversion Authority (“land acquisition firms”).

In addition, CCJWRD and MCCJPA shall contract directly with appraisal firms for the purposes of determining the market value of the property rights needed for the PROJECT. It is anticipated that appraisal firms will be selected through a request for proposals (RFP) process.

Description:

The AGREEMENT establishes the terms and conditions for the CONSULTANT to assist the OWNER with the management and implementation of the Fargo-Moorhead Area Diversion Project (“PROJECT”). OWNER responsibilities as PROJECT Non-Federal Sponsors are described in several agreements with the US Army Corps of Engineers (USACE), including the *Project Partnership Agreement* signed July 11, 2016.

The functions and activities to be provided by the CONSULTANT and SUBCONSULTANT to assist the OWNER with managing the acquisition of property rights and mitigation of impacted properties required for the PROJECT are described in this Task Order 4. The level of activity included in Task Order 4 is for managing the remaining portions of the OWNER’s approximate \$500 Million property acquisition program to completion, based on the current understanding of the property rights needed for the PROJECT.

CONSULTANT and SUBCONSULTANT have committed and will provide staff and resources to support the anticipated activities and deliver the work described in the Scope of Services of this Task Order 4. The proposed schedule of deliverables included in this Task Order 4 is based on the best knowledge available at the time of executing the Task Order. CONSULTANT and/or SUBCONSULTANT may contract with additional subconsultants as necessary to meet the needs of the PROJECT, provided that any contract with additional subconsultants shall be approved by the OWNER.

Scope of Services:

The general scope of services are summarized in Table 1, and described in detail by task following the table.

Table 1 – Summary of Scope of Work Tasks

Task	Title	Summary
4.A	Program Administrative Services	Administrative services as required to support the property acquisition and mitigation program. Maintain and utilize a cost-loaded schedule, document controls systems, and cost management tools to support the property acquisition and mitigation program.
4.B	Public Involvement and Outreach Services	Manage public outreach, involvement, and education program as required for property acquisition and mitigation.
4.C	Property Rights Acquisition Management	Manage the acquisition and mitigation of approximately \$500 Million in property rights required for the PROJECT.
4.D	Property Surveying Services	Manage and perform property surveying services for the PROJECT.
4.E	Property Management	Manage the properties acquired by the PROJECT.

Task 4.A-Program Administrative Services

The scope of services for Task A generally includes the following:

1. Program Direction, Strategy Assistance, Coordination, and Governance support services to help implementation of the PROJECT.
2. Prepare for and attend OWNER’s Board and Committee (Finance, Land, and Outreach) meetings and report on property acquisition program activities. CONSULTANT shall limit the number of its staff attending each meeting.
3. Develop, update, and maintain a cost-loaded schedule of activities (Primavera P6) to monitor and track costs by categories associated with the property acquisition program for the PROJECT through completion. Review Land Acquisition expenses to ensure they are properly tracked to the Work Package & OIN level.
4. Utilize, update, and maintain the cost management tool (Source) relating to program budget, fiscal year budget, contract budget, and invoiced costs. Develop and prepare reports for OWNER on program expenditures, budget status, and projected cash flows.
5. Support the development of an annual cash budget, in addition to an anticipated 5-year budget, based on projected expenditures for the property acquisition program.
6. Monitor compliance of contract terms and conditions and support program delivery with respect to scope, schedule, and budget performance. Maintain compliance records for contract terms and conditions on third-party contracts including insurance certifications and related items.
7. Develop, maintain, and facilitate use of document control systems, processes, and tools, including an OWNER provided Electronic Data Management System (EDMS) for management of Program documents, including processing of invoices for land acquisition firms, appraisers, and other service providers for the property acquisition program.
8. Review and process third-party contract invoices from land acquisition firms, appraisal firms, and land management firms for payment by OWNER, CCJWRD, and MCCJPA.

Deliverables and Schedule

- i. Decision papers, presentation materials, meeting agendas, conference calls, and policy papers as requested.
- ii. Agenda and materials for Land Management Committee packet the Wednesday prior to Committee meeting.
- iii. Materials for USACE coordination meetings as requested.
- iv. Input for development of annual cash budgets in September.

Task 4.B-Public Involvement and Outreach Services

The scope of services for Task B generally includes the following:

1. Develop, and assist OWNER to implement, a fully comprehensive Outreach Plan related to the Property Rights Acquisition and Mitigation Plan. The Outreach Plan shall include:
 - a. An initial outreach phase to all impacted landowners following approval order from the Owner to resume land acquisition activities.
 - b. A follow up outreach phase to upstream landowners following FEMA approval of the CLOMR.
 - c. Creation and maintenance of a web portal for landowners to easily access information related to their parcel and other general land acquisition related education documents.
 - d. A proposal for an initial public meeting hosted by the CCJWRD; and as needed follow up public meetings related to the implementation of the Plan.
 - e. Production of a quarterly newsletter to impacted property owners to share news and updates about the PROJECT and property acquisition program.
2. Advise, provide input, and assist OWNER with public outreach, involvement, and education related to property acquisition and mitigation. Such assistance is anticipated to include:
 - a. Coordinate and facilitate public meetings.
 - b. Organize materials for and/or present at meetings with individuals or agencies.
 - c. Produce and update maps and other documents, including educational materials related to the property acquisition program for distribution to the public.

Deliverables and Schedule

- i. Initial outreach to impacted property owners within a month after receiving authorization from OWNER.
- ii. Follow-up outreach to impacted upstream landowners within a month after receiving a CLOMR.
- iii. The web portal related to land acquisition within a month after receiving authorization from OWNER.
- iv. A public meeting proposal within a month after receiving authorization from OWNER.
- v. Newsletter to impacted property owners quarterly.
- vi. Online interactive GIS and mapping as needed.

- vii. Presentations, maps, and educational materials related to property acquisition program. Deliverables shall be prepared in coordination with others, as appropriate.

Task 4.C-Property Rights Acquisition Management

The scope of services for Task C generally includes the following:

1. Management of Policies, Procedures, and Programs

- a. Assist in the formation of the MCCJPA as the entity responsible for acquiring property rights for the PROJECT in Minnesota.
- b. Monitor, review, and update the Property Rights Acquisition and Mitigation (PRAM) Plan with OWNER, as necessary. The PRAM Plan shall serve to document the policies, procedures, and processes for acquisition of property rights and property mitigation for the PROJECT.
- c. Assist OWNER, CCJWRD, and MCCJPA in implementing operating principles for managing acquisition of property rights for the PROJECT, as defined in the PRAM Plan.
- d. Manage the analysis and development of improved strategies, policies, plans, methods, procedures, and systems of acquisition management programs.
- e. Provide guidance to OWNER, CCJWRD, and MCCJPA on issues that affect property management, acquisitions, appraisals, negotiations, relocations, or transferring title of properties after being acquired. These may include early acquisitions, opportunistic acquisitions, temporary easements, and management and disposition of properties.
- f. Assist in establishing the OWNER's local cemetery mitigation team, and then work with the local cemetery mitigation team to develop/update the OWNER's Cemetery Mitigation Plan. Coordinate with OWNER's Technical Consultant to develop and update the details of the OWNER's Cemetery Mitigation Plan.
- g. Develop the OWNER's supplemental crop loss program for mitigation of impacts to farmland caused by summer operation of the PROJECT.
- h. Develop the OWNER's post-operation private lands clean-up plan.
- i. Develop the OWNER's post-operation public lands repair and clean-up plan.
- j. Manage the review, socializing, and finalization of the sample flowage easement with additional stakeholders such as permitting agencies, agricultural industry representatives, and others.
- k. Develop alternative mitigation options, with assistance from the Diversion Authority's Technical Consultant and staff, other than full acquisition and removal for residential and non-residential structures in the upstream mitigation area.
- l. Manage the Flowage Easement Valuation Study by Crown Appraisals, Inc.
- m. Manage the development of an update to the Ag Impacts report by NDSU Agribusiness and Applied Economics department.

2. Process Management and Reporting

- a. Based on designs and recommendations by others (USACE, P3 Developer, and HMG), identify, assess, and recommend to OWNER the properties to be acquired. Coordinate with designers and others as necessary to provide all necessary affidavits required to establish the necessity of property rights for litigation purposes, if needed.
- b. Prepare and present Land Acquisition Directives (LADs) for approval to the OWNER's Finance Committee. Each LAD shall include parcel map exhibits, area of taking estimates, acquisition schedule, and acquisition budget. The parcel exhibits shall be based on the design and geodatabase files received from the PROJECT designers (OWNER's technical consultant and/or USACE). It is assumed that the design will be completed to a sufficient status to determine the required property rights. The parcel exhibit shall delineate the acquisition type (e.g. easement, fee title, temporary easement, flowage easement etc.).
- c. Recommend, in coordination with others, to CCJWRD and MCCJPA the parcels where a right of entry (ROE) is necessary to conduct boundary surveys for the purposes of acquiring property rights.
- d. Receive and process requests from USACE to obtain ROE for various design, cultural, and environmental surveys.
- e. Coordinate with OWNER's technical consultant to track the status of ROE.
- f. Prepare for and participate in ROE coordination calls with USACE, OWNER's legal and technical consultants.
- g. Manage the selection of qualified appraisal firms through a Request for Proposals (RFP) process.
- h. Develop and recommend appraisal services assignments and Task Orders for CCJWRD and MCCJPA consideration.
- i. Manage and maintain a common set of data and background resources for appraisal firms to utilize in performing property valuations. The resources shall include PROJECT designs and engineering plans, permits, planning documents, zoning requirements, responses to common questions, and other information.
- j. Monitor and measure appraisal firms' activities related to valuing property rights for the PROJECT. Review and analyze weekly progress reports from appraisal firms, and manage the schedule of deliverables. Measure progress against appraiser approved schedules and completeness of appraisal reports.
- k. Coordinate with PROJECT representatives as necessary to gather information and responses to questions from appraiser firms.
- l. Conduct appraisal reviews in accordance with procedures outlined in the PRAM Plan.
- m. Develop and recommend land acquisition services assignments and Task Orders for CCJWRD and MCCJPA consideration.
- n. Coordination with land acquisition firms to monitor and measure the following activities of land acquisition firms: (a) obtaining rights of entry (ROE), (b) communicating and negotiating with property owners, (c) acquiring property rights for the PROJECT, and (d) establishing relocation benefits for displaced persons. Conduct weekly coordination calls with land acquisition firms. Conduct monthly coordination meetings with land acquisition firms.

- o. Review and analyze regular progress reports and schedules from land acquisition firms.
- p. Organize and conduct training for land acquisition firms in regards to processes, procedures, and policies established for the PROJECT. Training sessions will also include sharing technical information developed for the PROJECT. Training frequency will depend on the needs of the land acquisition firms, but is assumed to be quarterly.
- q. Organize and assemble PROJECT information for incorporation into resource binders for land acquisition firms to use in interactions with property owners.
- r. Coordinate with PROJECT representatives as necessary to gather information and responses to questions from property owners received through the land acquisition firms.
- s. Organize, manage, and conduct bi-weekly lands coordination with PROJECT representatives from OWNER, CCJWRD, and/or MCCJPA. Among other items, the land coordination shall be utilized to review negotiations and acquisition of property rights.
- t. Organize, manage, and coordinate with a strategic negotiations team as necessary to discuss sensitive property acquisitions and negotiations.
- u. Organize and conduct, as necessary, meetings with Diversion Authority's Technical Consultant and OWNER's staff to discuss property owner requested modifications or adjustments to the proposed property rights acquisitions during negotiations.
- v. Monitor the acquisition of property rights, negotiations, and impacted property mitigation to ensure consistency with the PRAM Plan.
- w. Coordinate with Appraisers and Relocation Experts to ensure that delineation between buy-out and relocation is handled consistently with each property owner, especially for impacted Commercial and Farmstead properties.
- x. Coordinate with relocation specialists from each land acquisition firm regarding the determination of and consistent approach for relocation benefits due to property owners and tenants.
- y. Receive and review relocation benefit claims from property owners via relocation specialists, and organize and submit the relocation benefit claims to CCJWRD and MCCJPA for processing.
- z. Assist land acquisition firms with negotiations, including preparation and negotiation of Replacement Housing Agreements and Purchase Agreements. CONSULTANT shall not conduct direct negotiations with property owners without prior approval from OWNER.
- aa. Manage and monitor property rights acquisition data to track acquisition status and identify acquisition risks.
- bb. Report on the progress of the property acquisitions program, including cost, schedule, and performance reporting. Prepare monthly property acquisition status report for presentation at the OWNER's Land Management Committee, Land Coordination, CCJWRD Board, and MCCJPA meetings.
- cc. Monitor and update annually the real estate program cost estimate for the PROJECT, including the Project 5-year budget. The updated cost estimate shall take into account actual sales prices of acquired parcels, appraised values and trends, assessed values and trends, and other information. The cost estimate updates shall include comparisons to historical acquisition cost estimates.

- dd. Cartographic Production: Prepare maps and exhibits (graphs, maps, educational documents, etc.) for use in property acquisitions. Prepare/extract data for use by CONSULTANT, SUBCONSULTANT, and OWNER.
 - ee. Prepare for and attend CCJWRD's and MCCJPA's regular board meetings, as well as special board meetings to report on progress and activities, and provide or present informational materials, as requested by OWNER, CCJWRD, or MCCJPA. CONSULTANT shall limit the number of its staff attending each meeting.
 - ff. Coordinate with OWNER's, CCJWRD's, and MCCJPA's legal counsel, as necessary to address legal questions related to the property acquisition program.
3. Systems and Tools
- a. Maintain and manage the ESRI Workflow Manager (WMX) tool to track the progress of property rights acquisition activities and serve as a repository for all property acquisition documents.
 - b. Coordinate with the City of Fargo IS Department regarding ongoing requirements and/or issues related to ESRI WMX for support, maintenance, and performance of the application.
 - c. Provide ESRI WMX application access, training, and support to PROJECT representatives, as requested.
 - d. Perform acquisition audits to verify that required inputs are tracked and noted in ESRI WMX. Audits will ensure proper use of tool, proper population of extended properties with critical schedule and dates, uploading of documents, and comments regarding land owner and other communications.
 - e. Coordinate weekly ESRI WMX backups and database compressions with City of Fargo staff (Backups and compressions to be performed by City of Fargo).
 - f. Maintain and manage the Survey123 application to serve as tool to log and track land agent notes and communications with impacted property owners.
 - g. Provide, maintain, and manage a GIS based web map application (ESRI Web Map App) for graphical display of PROJECT features, construction progress, and parcel acquisition status, and other information. Coordinate the data for display in Web Map with other PROJECT representatives, including designers and construction managers.
 - h. Data Coordination/Database Management: Coordinate with CLIENT, OWNER, and other PROJECT representatives, including designers and construction managers to obtain and maintain accurate datasets for mapping.

Deliverables and Schedule:

- i. Property Rights Acquisition and Mitigation Plan Updates – as required
- ii. Update Cemetery Mitigation Plan by February 2020 with assistance from Technical Consultant
- iii. Develop supplemental crop loss program by February 2020
- iv. Develop post-operation private lands clean-up plan by February 2020
- v. Develop post-operation public lands repair and clean-up plan by February 2020
- vi. Finalize the sample flowage easement by July 2019
- vii. Develop alternative structure mitigation options by February 2020

- viii. Maintain the Property Acquisition Schedule – monthly (see Attachment C)
- ix. Property Management Summary – monthly, for OWNER’s monthly Land Management Committee meeting, for CCJWRD’s second board meeting each month, and for MCCJPA’s monthly meeting
- x. Agenda items for CCJWRD board meetings – twice-monthly
- xi. Agenda items for MCCJPA meetings – twice-monthly
- xii. Property Acquisition Summary documents – as needed
- xiii. Property Rights Acquisition and Mitigation Plan – updates as necessary
- xiv. Maps, exhibits, and exported data reports – as needed
- xv. Land Acquisition Directives (LADs) – as needed
- xvi. Land Acquisition Firm Task Orders and Amendments – as needed
- xvii. GIS maintenance and updates – ongoing, as design files are updated and shared, as property boundaries and ownerships change, and as property acquisition progresses
- xviii. QA/QC checks of ESRI WMX data – weekly
- xix. Prepare draft and final agreements, task orders, and amendments for property acquisition services for OWNER, CCJWRD, and MCCJPA review – as necessary.
- xx. Provide Contract Compliance Reports monthly to the Finance Committee, the Diversion Authority Board, and the Co-Executive Directors
- xxi. Review and process invoices for payment – monthly, or more frequently if required

Task 4.D – Property Surveying Services

The scope of services for Task D generally includes managing and performing the property surveying work necessary to acquire property rights for the PROJECT. CONSULTANT and SUBCONSULTANT, in conformance with the provisions set forth above, will perform activities to accomplish the scope described herein, as well as other services which may be mutually agreed to by the parties pursuant to the terms of the Agreement. The specific services included in Task D include:

1. Surveying Management. Manage the production of boundary surveys, certificates of survey, and cadastral surveys that are necessary for the PROJECT. Develop and maintain a schedule of survey needs, review of work products by others, coordinate with project leadership, and manage workload.
2. Boundary Surveying. Conduct boundary surveys for parcels impacted by the PROJECT. This may include boundary surveying to support footprint impacted parcels, flowage easements, and easements required for the biotic and geomorphic monitoring program.
3. Boundary Survey Documents. Prepare necessary boundary documents such as certificates of survey and plats for the acquisition of property rights for partial parcels being subdivided and acquired for the PROJECT. Boundary documents may not be required for acquisition of full parcels. Prepare certificates of survey for asset land parcel subdivisions (for subdividing parcels that were acquired in full from willing sellers prior to disposing of the unneeded remnant lands).

4. Cadastral Surveying Services:
 - a. Perform cadastral surveying services for the Public Land Survey System (PLSS) sections along the Southern Embankment alignment in Minnesota. Includes researching corner locations, field surveying and establishing corners, setting monuments and associated ties, and preparing and recording corner records for section and one-quarter section corners (not including center quarter corners).
 - b. Incorporate the cadastral surveying work completed for the Certificates of Survey.
5. The specific parcels or areas included in this Task Order are identified in the map in Attachment E, and generally include:
 - a. Parcels impacted by the Diversion Channel and Associated Infrastructure (DCAI), including the mobility improvements associated with P3.
 - b. Parcels impacted by the Minnesota portion of the Southern Embankment and Associated Infrastructure (SEAI), including parcels impacted by mobility improvements in Minnesota.
 - c. Parcels in the Minnesota portion of the Upstream Mitigation Area (parcels where the floodway intersects the parcel, and parcels where the flowage easement boundary bisects the parcel).
 - d. Biotic and Geomorphic Monitoring Program parcels associated with the Red River of the North.
 - e. Parcels impacted by non-P3 mobility improvements adjacent to the Diversion Channel.
 - f. Property surveying for parcels not identified in the attached map will generally be split along I-94.
6. Provide Boundary Survey Documents in accordance with PROJECT schedule.
 - a. Draft and Preliminary Boundary Survey Documents
 - i. The Draft Boundary Survey Documents shall be produced in a format acceptable for recording in the Office of the County Recorder in which the parcel is located.
 - ii. Upload the Preliminary Boundary Survey Documents to the FM Diversion WMX site, using the following file naming convention:
 1. Filename format: OIN# Owner's Last Name PRELIM COS [Upload Date]
 2. Example filename: OIN 1234 Smith PRELIM COS 01.01.18
 - iii. Deliver the Preliminary Boundary Survey Documents to the land acquisition firms and appraiser assigned to the parcel as a basis for appraising the property rights being taken for the PROJECT.
 - b. Final Boundary Survey Documents
 - i. The Boundary Survey Documents shall be finalized after the negotiated purchase agreement for the property is finalized, or if eminent domain actions become necessary.
 - ii. The Final Boundary Survey Documents shall incorporate any changes or modifications necessary to describe the final taking.
 - iii. File the Final Boundary Survey Documents with the County Recorder's office at the same time as the final property acquisition documents, which will be filed by OWNER's Attorney.

- iv. Upload the Final Boundary Survey Documents to the FM Diversion WMX site when the county recorder's office has completed the recording of the property acquisition. Use the following file naming convention:
 1. Filename format: OIN# Owner's Last Name SIGNED COS [Survey Stamp Date]
 2. Example filename: OIN 1234 Smith SIGNED COS 03.01.18.

Deliverables and Schedule:

- i. Boundary Survey Documents as outlined above, in accordance with Project schedule.
- ii. Cadastral survey of section corners for Southern Embankment in Minnesota shall be complete according to a schedule to be agreed with USACE.

Task 4.E – Property Management

The scope of services for Task E generally includes managing the property that has been acquired for the PROJECT, prior to giving control of the property to the P3 Developer or other Contractor(s). CONSULTANT and SUBCONSULTANT will perform activities to accomplish the scope described herein, as well as other services which may be mutually agreed to by the parties pursuant to the terms of the Agreement. CONSULTANT and SUBCONSULTANT will work with OWNER, CCJWRD, and/or MCCJPA to determine which property management services may be better handled by OWNER entity staff (i.e., Cass County, City of Fargo, Clay County, and City of Moorhead) for services such as mowing, weed management, etc. The specific services included in Task E include:

1. Assist in development of recommendations for short term and long term use, salvage, demo, removal, disposal, and/or final disposition for OWNER, CCJWRD, or MCCJPA acquired property. Update the recommendations as needed.
2. Manage the salvage, demo, removal, disposal, and/or final disposition of OWNER, CCJWRD, and MCCJPA acquired property. This may include coordinating the development of removal/demolition plans and specifications (prepared by others), coordinating the solicitation of bids from contractors, coordinating asbestos or other testing as necessary prior to demo/removal of homes, coordinating with Habitat for Humanity for salvage of appliances and other items, coordinating with emergency response teams (fire departments, SWAT, etc.) for training exercises, coordinating public sale of assets, and other activities as necessary.
3. Provide property management support to manage and maintain OWNER's, CCJWRD's, or MCCJPA's residential, commercial, farmstead buildings, and farmland properties prior to their removal, disposal, demolition, auction, or incorporation into the PROJECT.
4. Perform exterior inspections of residential and commercial properties. External inspections include drive by and/or physical check that doors and windows are secure. Inspection frequency for each property will be determined by OWNER's Engineers.
5. Perform interior inspections of residential and commercial properties. Inspection frequency for each property will be determined by OWNER's Engineers.
6. Upon property acquisition, coordinate utility services, including shutting off water service, turning down heat, switching billing, etc.

7. Coordinate with OWNER's farmland management firm (Pifer's) to assist with management and maintenance of OWNER's farmland properties prior to the disposal or use for the PROJECT.

Deliverables & Schedule:

- i. Property Management Status Report – Quarterly, for the CCJWRD's and/or MCCJPA's meetings. Include the property status and disposition, including if the property is rented, available for rent, and when the property is anticipated to be needed for the PROJECT.

References:

The following documents are referenced in this Task Order 4.

- Master Agreement for Professional Services between the OWNER and CONSULTANT dated January 13, 2017, and any attachments and executed amendments.
- Property Rights Acquisition and Mitigation Plan, version 4, dated August 31, 2018.

Attachments:

The following documents are attached to this Task Order 4.

- Attachment A – OWNER's Responsibilities
- Attachment B – Annual Budget Summary by Task
- Attachment C – Property Acquisition Schedule
- Attachment D – Map of Major Project Features for Property Acquisition
- Attachment E – Map of Parcels for Boundary Surveying

Obligations of OWNER:

OWNER's responsibilities shall be as shown Sections Thirty-two (32) through Forty (40), inclusive, of the AGREEMENT and Attachment A to this Task Order 1.

SUBCONSULTANTS:

- Advanced Engineering and Environmental Services, Inc. (AE2S)
- No other subconsultants identified at this time

Other Modifications to AGREEMENT:

- None

Conflicts:

- If any part of this Task Order 4 is determined to be in conflict with the terms and conditions of the AGREEMENT, then the terms and conditions of the AGREEMENT shall prevail.

Budget and Payments to CONSULTANT:

The budgetary amount established for services under this Task Order 4 is **\$21,200,800**. Compensation and payments are as per the AGREEMENT, including the cost reimbursement provisions. The expected distribution of the budgetary amount by task and by year for the term of this Task Order 4 is presented in Attachment B. OWNER and CONSULTANT agree and acknowledge that Attachment B is an estimate.

As part of the OWNER's Program Budget development, review, and approval, and at least on an annual basis, CONSULTANT shall submit to OWNER a spending curve reflecting costs to date and the anticipated expenditures for the term of this Task Order 4. The spending curve will be adjusted to reflect the Program Budget approved by the OWNER. The initial spending curve will reflect the anticipated expenditures as shown in Attachment B and will be submitted to the OWNER as part of to the first scheduled Program Budget development, review, and approval process after execution of this Task Order 4.

On a monthly basis, CONSULTANT will report on the actual expenditures of this Task Order 4 against the currently approved spending curve.

CONSULTANT will advise OWNER when 80 percent of the budgetary amount for this Task Order 4 is expended. If necessary, CONSULTANT will prepare and submit to OWNER an amendment for additional compensation when 90 percent of the budgetary amount for this Task Order 4 is expended. CONSULTANT will not perform work beyond 100 percent of the budgetary amount for this Task Order 4 without OWNER's written authorization by amendment to this Task Order.

Owner's Rights

The OWNER may suspend services and/or terminate this Task Order 4 upon thirty (30) days' written notice. Suspension and termination provisions shall be in accordance with the AGREEMENT. In the event that the AGREEMENT is terminated, this Task Order 4 shall also terminate.

Effective Date of this Task Order:

January 24, 2019

This Task Order 4 and the services covered by this Task Order 4 will be performed in accordance with the provisions and any attachments or schedules of the AGREEMENT. This Task Order 4 will become a part of the referenced AGREEMENT when executed by both parties.

Approval:

Approval and Acceptance of this Task Order 4, including the references and attachments listed above, shall incorporate this document as part of the AGREEMENT. CONSULTANT is authorized to begin performance as stated herein.

Attachment A – OWNER’s Responsibilities

1. Track and report funding status.
2. Track WIKS/LERRDs crediting and report to USACE, if required.
3. Designate OWNER’s staff to serve as points of contact for property acquisition program activities.
4. Review, process, and pay invoices for OWNER-held agreements and task orders.
5. Designate OWNER’s staff to coordinate Authority governance activities such as JPA extensions, fiscal year budget development, contracting actions, and other agreements.
6. Lead and facilitate Admin Advisory Staff meetings, Executive Leadership Team meetings, and monthly Board and Committee meetings.
7. Execute agreements to implement the PROJECT as approved.
8. Continue the agreement with ACONEX to provide an EDMS platform and host an “ACONEX Local Copy” on the OWNER’s IT infrastructure.
9. Continue to own, host, and maintain ESRI software and data on the OWNER’s IT infrastructure.
10. Participate in public outreach, legislative support, and engagement activities.
11. Assist with communications with impacted property owners, agencies, and elected leaders.
12. Obtain rights of entry (ROE) in a timely fashion as necessary to complete the property acquisition program.
13. Retain appraisal firms.
14. Retain land acquisition firms.
15. Retain legal counsel to provide legal services as necessary for the property acquisition program.
16. OWNER’s Attorney shall produce a memo detailing the quick take processes required in North Dakota and Minnesota.
17. Complete the closing on property rights needed for the PROJECT.

Attachment B – Annual Budgetary Summary by Task

Task Order 4 Budget Summary		2019	2020	2021	2022	2023	2024	2025	2026
4.A	Program Administrative Services	\$805,800	\$720,200	\$510,600	\$543,400	\$413,800	\$448,300	\$467,300	\$451,500
4.B	Public Involvement and Outreach	\$393,700	\$82,800	\$85,300	\$41,900	\$43,100	\$47,700	\$49,100	\$53,900
4.C	Property Rights Acquisition Management	\$1,634,600	\$1,778,500	\$1,393,700	\$1,453,400	\$1,456,300	\$1,480,600	\$1,476,900	\$1,395,500
4.D	Property Surveying Services	\$739,700	\$854,300	\$922,100	\$-	\$-	\$-	\$-	\$-
4.E	Property Management	\$144,000	\$156,400	\$162,600	\$174,500	\$181,100	\$195,100	\$204,600	\$218,300
	TOTAL	\$3,717,800	\$3,592,200	\$3,074,300	\$2,213,200	\$2,094,300	\$2,171,700	\$2,197,900	\$2,119,200

Attachment C – Property Acquisition Schedule and Milestones

The following schedule is based on the project understanding and best state of knowledge at the time of executing this Task Order, and the assumption that acquisitions will resume by January 1, 2019.

Major Project Feature	Work Limits Defined	Start Acquisition Process ¹	Complete Acquisition Process	Notes
Diversion Channel Phase 1	June 2016	January 2019	April 2020	
Diversion Channel Phase 2	June 2017	January 2019	April 2020	
Diversion Channel Phase 3	June 2017	January 2019	April 2020	
CR16 & CR17 Re-Alignment	August 2019	August 2019	March 2020	
Southern Embankment				2
Wild Rice Control Structure	January 2019	January 2019	October 2019	
Red River Control Structure	October 2019	November 2019	October 2020	
I-29 Road Raise	July 2020	August 2020	August 2021	
ND Embankment Reach A	July 2021	August 2021	October 2022	
ND Embankment Reach B	July 2022	August 2022	October 2023	
MN Embankment Reach C	July 2020	August 2020	October 2021	
ND Embankment Reach D	November 2019	December 2019	March 2021	
Upstream Mitigation Area				3
Flowage Easements	April 1, 2019	January 2020	December 2025	4
Structures	April 1, 2019	May 2019	December 2025	5
Drayton Dam Reconstruction	March 2020	April 2020	March 2021	
Off Channel Mobility Improvements	July 2021	August 2021	August 2022	
Biotic & Geomorphic Monitoring Sites	December 2018	January 2019	April 2022	6
In-Town Acquisitions				7

¹ The acquisition schedule for Project Features, such as the CR16/17 Re-alignment, Drayton Dam, and Off Channel Mobility Improvements will depend on the design and construction plan. It is assumed that property acquisitions will begin upon receipt of the 65-percent design submittal.

² The acquisition schedule for the components of the Southern Embankment will depend on USACE design schedule. It is assumed that property acquisitions will begin upon receipt of the 65-percent design submittals from USACE.

³ It is assumed that a Conditional Letter of Map Revision (CLOMR) will be obtained from FEMA by April 1, 2019. It is assumed that the Phase 2 Flowage Easement Valuation Study will be started in January 2019, but will be dependent on the CLOMR. It is assumed that the Phase 2 Flowage Easement Valuation Study will be complete by October 2019.

⁴ The acquisition of flowage easements will begin after completion of the Phase 2 Flowage Easement Valuation Study.

⁵ The acquisition of structure sites in the upstream mitigation area in Cass County and Clay County will begin in May 2019, assuming a conditional letter of map revision (CLOMR) is received by then. The acquisition of structure sites in Richland County and Wilkin County will begin in May 2019 and will be complete as soon as possible.

⁶ The acquisition of biotic and geomorphic monitoring site easements in North Dakota will begin in January 2019. The monitoring sites in Minnesota will first require obtaining a right-of-entry, initial monitoring by USACE, and then the acquisition of easements.

⁷ It is assumed that the City of Fargo and City of Moorhead will acquire the property rights necessary for construction of future levees.
