Fargo ND 58103

Re: 2021 Preliminary Budget

Dear Commissioners:

Today you are considering the 2021 Preliminary Budget, and once it is approved and a hearing date for the 2021 Final Budget is set, my office will publish the Preliminary Budget on our web site, publish the notice for the hearing date, time, and place in *The Forum*, and send a notice to those taxpayers and entities that we are required to under North Dakota Century Code.

I want to thank you for your dedicated service in reviewing budgets with the head of each department and outside agency that has requested county funding. The decisions you make are important to the operations of county departments, the affiliated agencies, and the tax paying public. It has been a different type of budget year with the social distancing but you were able to make it work for our departments and outside agencies that needed to interact with you as you considered their budget.

Employees

In response both to your concerns, and the concerns expressed during the strategic planning meetings, you requested a more detailed salary and benefit survey for county employees. While no salary survey is going to solve all the inequities that may exist, the new step matrix and the movement of employees into the matrix for 2021 is a positive move. The study showed we were lowest at the lower grades and the highest grades and were close to market in the middle grades. The step matrix reflected these findings so the matrix in Grades A11 through A13 was increased by 7.18% to 10.5%, the matrix in Grades B21 to C52 was increased by 4.96% to 5.24%, and the matrix in D61 to E91 was increased by 5.66% to 10%. The new matrix also reduces the number of steps in grades B31 to E91 by one step.

To implement the new matrix the budget includes moving the employees into the new matrix to where their current salary fits in the matrix, if that puts them between steps, they will be moved to the next highest step. The budget also includes normal step increases during 2021. So all employees will get a small increase in salary January 1, 2021 and most will get a step increase in the month of their anniversary in their position. The movement of employees into the new matrix will mean that some employees will go down in steps, for instance I am currently in Step 19 of my grade, January 1st I would go down to Step 12, with an increase in salary to get me on the 5th step, then on the anniversary of my position, April, I would be eligible for a step increase to Step 13.

PO Box 2806
211 Ninth Street South
Fargo, North Dakota 58108

www.casscountynd.gov

We still have some work to do on allocating dollars for those positions that are significantly below the market, the commission set aside \$100,000 to adjust those salaries after Administration has had time to review the salaries with our outside consultant. That \$100,000 is included in the Administrators budget.

The budget does not anticipate any changes in our self-funded Health Plan, the benefits will stay the same; we not anticipating changing the rates the county and the employee pay into the plan. We have received the new proposal from our insurance administrator and the increases in the suggested funding levels can be offset by the reserves in the plan. We may adjust the premiums paid by employees to the Dental Plan as the suggested funding level has decreased significantly.

This budget includes several new positions: a Payroll Clerk in the Administrator's Office; an Attorney in the States Attorney's Office and an early hire of a Shop Foreman for the Highway Department. We will also have to evaluate the Coroner position for both 2020 and 2021.

Human Service Zone Budget

This budget does not include the Human Service Zone Fund, that budget will be reviewed later in the year.

Mill Levy

This budget includes some minor adjustments to the county's mill levy. The General Fund mill levy is shown as reduced by 1.00 mills, the debt service is reduced by .08 mills, Weed Control by .10 mills and Vector Control by .05 mills. In addition the Southeast Cass WRD has reduced their mill levy by .18 mills and the Maple River WRD by 1.00 mills. We were able to reduce the mill levy in some cases because of the strong growth in the tax base over the past year.

Public Hearing

To inform taxpayers prior to the final budget hearing, we will mail Estimated Tax Statements for each property that incurs more than \$100 in consolidated taxes. All local governments are required to file their budgets with us on or before August 10th along with their meeting notices if they levy more than \$100,000 in property taxes. We will incorporate the notice of hearings on the Estimated Tax Statements for those jurisdictions required by law to provide the notice on the statement.

I would like to express my appreciation to county department heads and employees who worked on budgets during the last two months. Their cooperation and assistance is invaluable to prepare a budget for you to consider. Also, I would like to thank my staff, particularly, Sarah Heinle, Wyatt Papenfus, and Alicia Hildebrand, who worked many hours accumulating and analyzing information to put everything in a format that helps you to review and understand the budget.

Sincerely,

Michael Montplaisir, CPA
Cass County Finance Director

SUGGESTED MOTION:

Move to approve the 2021 Preliminary Budget of \$111,469,435 with a maximum mill levy of 54.57 and to set September 21, 2020, at 3:30 PM in the Cass County Commission Room at 211 9th Street South, Fargo, North Dakota as the time and place to consider constituent's comments concerning the 2021 Preliminary Budget and the Mill Levy to support the 2021 Budget.

Due to social distancing the county will also provide alternative methods to access the budget hearing.

THE CASS COUNTY FINANCE OFFICE**

Cass County Final Budget 2021 Executive Summary

Duane Breitling - District 4
Mary Scherling - District 5
Ken Pawluk- District 3
Chad M. Peterson - District 1
Rick Steen - District 2

RESOLUTION ON BUDGET POLICY

WHEREAS, the Cass County Commission adopted the following mission statement for Cass County Government on January 28, 1991:

The mission of the Cass County Board of Commissioners:

- (1) To develop, approve and administer yearly budgets and set appropriate mill levies within statutory constraints.
- (2) To determine county policy and strategic planning decisions in conjunction with county functional directors to assure that county services mandated by statute, or determined by policy, are provided equitably to the citizens of Cass County.
- (3) To assure that property tax assessment and collection is accomplished as dictated by statute, and determined by service level in serving the citizens of Cass County.

In addition, the Commission shall manage and maintain all county property, purchase and dispose of such property and supervise the electoral process for the citizens of Cass County.

WHEREAS, in order to properly carry out the mission policy adopted by the Commission, we need to establish goals and strategies that we as a Commission will strive to follow this year and in future years concerning the county budget.

THEREFORE, BE IT RESOLVED, that the goal of the County Commission is to maintain the financial stability of Cass Government, while at the same time providing the services mandated by its constituents and mandates by State and Federal governments. Some of the strategies of the Commission in meeting this goal are as follows:

- (1) The Commission will budget in a manner that maintains cash reserves equal to 7%-10% of expected expenditures for each fund.
- (2) The Commission will seek, and will encourage all departments to seek, alternative funding sources for those programs that may be eligible for outside funding.

Budget items, particularly capital projects and salaries, must be detailed in each department's annual budget request, and if departments see a need to deviate from the original request, they will inform the County Commission prior to any expenditure.

SUMMARY OF FUND BALANCE POLICY

FUND BALANCE RESERVES: In accordance with GASB Statement No. 54

SCOPE/PURPOSE: To accurately report and classify fund balances in accordance with GASB Statement No. 54 and to ensure the County maintains adequate fund balance reserves for the following:

- a. Provide sufficient cash flow for daily financial needs,
- b. Secure and maintain investment grade bond ratings,
- c. Offset significant economic downturns or revenue shortfalls, and
- d. Provide funds for unforeseen expenditures related to emergencies.

GOVERNMENTAL FUND DEFINITIONS:

Fund type definitions: The following definitions will be used in reporting activities in governmental funds throughout County's financial statements. The County may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

General Fund is used to account for all financial resources not accounted for and reported in another fund.

Special Revenue Funds are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects.

Debt Service Funds are used to account for all financial resources restricted, committed or assigned to expenditures for principal, interest and debt service related fees.

Capital Projects Funds are used to account for all financial resources restricted, committed or assigned to expenditures for the acquisition of construction of capital assets.

MINIMUM FUND BALANCES:

General Fund: The County shall maintain a minimum unassigned fund balance in the General Fund ranging from not less than 17 percent to 25 percent of the subsequent year's budgeted expenditures and outgoing transfers. The minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain a budget stabilization commitment.

County Road and Bridge Fund: The County shall maintain a minimum unassigned fund balance in the County Road and Bridge Fund of 17 percent to 25 percent of the subsequent year's budgeted operating expenditures. Operating expenditures are the total fund expenditures less the bridge and road construction expenditures. The minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain a budget stabilization commitment.

Human Service Zone Fund: The Human Service Zone Fund is used to account for State of North Dakota grant funds and other income for the operation of the Human Service Zone. State law requires the Fund Balance of the County's Social Service Fund be transferred to the Human Service Zone Fund on January 1, 2020. After calendar year 2020, the Fund is limited to no more than \$500,000. If, due to unforeseen or other extenuating circumstances, a Human Service Zone's formula distribution payment, the County's cost allocation of indirect costs, and balance of moneys carried over pursuant to the \$500,000 limitation above are not sufficient to meet the expenses of the Zone, the director of State Human Services may approve a transfer from the State Human Service Finance Fund to the Zone. If the Human Service Zone Fund on January 1st of each year after calendar year 2020 exceeds the limit noted above, the state will reduce the Human Service Zone's formula payment for that year.

Replenishing Deficiencies: When the fund balance falls below the minimum 17% to 25% target range, the County will replenish shortages/deficiencies using the budget strategies and timeframes described below:

- Reduce recurring expenditures to eliminate any structural deficit or;
- Increase revenue, pursue other funding sources, or;

- Some combination of the two options above.

Minimum fund balance reserves shall be replenished within the following timeframes:

- Fund balances that fall between 15% and 17% shall be corrected within 1 year;
- Fund balances that fall between 10% and 15% shall be corrected within 3 years or less;
- Fund balances that fall between 0% and 10% shall be corrected within 5 years or less.

Special Revenue Funds: Special levy funds account for the proceeds of specific revenues. Special Revenue funds will have unique criteria for reserves based on the use and objective of the fund, for special revenue funds other than the Human Service Zone Fund and County Road and Bridge Fund as noted above, the County shall maintain a minimum unassigned fund balance from 7% to 10% of the preceding year's operating expense with the exception of the Emergency and Flood Mitigation Fund. The Emergency and Flood Mitigation Fund is used to provide funds for emergencies caused by nature and for flood mitigation (control) projects. This Fund is the major source of dollars to bridge the time period when funds are expended on emergency measures and the reimbursement of dollars from state and federal agencies which may take several years. As such, the minimum unassigned fund balance will be stated in terms of dollars and be adjusted periodically based upon the history of emergencies and the dollars needed to fund those emergencies. The Cass County Commission will review the fund balance requirements when considering the next year's budget.

Debt Service Funds: The objective of designated Debt Service Funds is to accumulate principal and interest payments maturing in future years. At a minimum, each debt service fund shall maintain reserves sufficient to meet bond covenants and current year obligations. A viable revenue source must be identified and maintained for all long term obligations. Debt service fund balances, revenues, and expenses will be reviewed during the annual budget process; insufficient revenue and or reserves shall be addressed as part of the annual budget process.

Capital Project Funds: The County will maintain a Capital Projects Fund to fund the County's five-year master facilities plan. The fund will be supported by a property tax levy as determined by the Cass County Commission. Additional capital project funds will accumulate costs, any off-setting revenue, and debt proceeds related to long term capital projects. Capital project funds will typically be resolved with permanent long term debt financing, which will be determined prior to incurring any expenditures. At the time of completion the capital project fund will be closed with proceeds from permanent financing, and multiple projects will require separate and distinct capital project funds.

Internal Service Funds: The business type activity funds of the County include Motor Pool, Telephone Trust, Health Insurance Trust and Dental Insurance Trust; these funds shall systematically retain an unassigned fund balance between 25% and 50% of the preceding year's operating budget. Internal Service Funds are required to be self-sufficient in activity and will establish rates sufficient to maintain and grow fund equity. In the event a Commission directive allocates funding from equity, a plan and time frame not to exceed 3 years needs to be included in the budget process to restore the established one year's operating fund equity requirement.

Expending Fund Balance Reserves: Fund balance reserves are maintained to prohibit and or minimize interruption in operations, unmet obligations and opportunity costs. Fund balance reserves will only be made available for extraordinary events such as:

1. Major projects that are long term in nature.
2. Temporary gap financing pending permanent financing and/or grant monies.
3. Disaster recovery.
4. Potential service disruptions.

Reserves may only be committed upon approval of the Cass County Commission.

SUMMARY OF WAGE AND SALARY POLICY

Cass County shall maintain wage and salary administration system for all employees. Annually, as part of the budget development cycle, the Board of County Commissioners shall set the specific structure for pay administration plan based on the financial condition of the County, changing personnel needs/concerns that are identified through Department reviews, and the changing community pay standards. The Commission may choose to distribute salary adjustments based on cost of living increases, merit, changes in the grades/classification, and/or changes in community salary standards.

Every three years, Cass County will conduct a comprehensive system review that includes both a review of all positions and a market study to determine the base for the County salary scale. Between studies only special adjustments will be considered based on documented significant changes.

Each department head is accountable to forecast and control salary expenditures within the approved annual salary budget. Salary adjustment increases outside the annual pay administration schedule shall be initiated by the request of the department head, approved by the County Commission and administered by the Personnel Office.

Overview of the Classification System: All positions within Cass County have been assigned a Decision Band Method (DBM) rating by the County's professional consultant. These ratings are the current structure for the pay and classification system. A Position Analysis Questionnaire (PAQ) or Position Information Questionnaire (PIQ) for Social Services are filed in the Human Resources Department for all standard positions. These positions will all be assigned a position number. PAQs are to be completed by the employee and to be reviewed by supervisor and department head. Each PAQ/PIQ designates essential functions according to the Americans with Disabilities Act.

Certain designated positions have specific training and/or experience requirements related to their DBM rating/classification. When an employee meets those specific requirements the positions classification (DBM rating) is adjusted. Currently, this policy applies to Sheriff's Staff, State's Attorneys, and Social Services financial workers.

Lateral Transfer: If an employee is transferred or transfers to a class of comparable value or worth as determined by the DBM rating method, he or she will not receive an adjustment in pay, and the employment status date will not change.

Salary Increases: All salary increases are contingent on satisfactory performance of assigned duties and responsibilities as documented through annual performance evaluations and subject to County Commission approval. Employment status date will change.

Beginning in January 2015 the voters approved a county wide 911 fee of \$1.50 per telephone which eliminates the individual fees in Fargo and West Fargo. At that time the county is funding the entire North Dakota portion of the Red River Regional Dispatch Center. The statewide upgrade is based on 10% of the total fees collected. Starting 07/01/2017 we are also collecting and remitting to the state a \$.50 fee.

This fund was established to account for funds held by the county for the North Dakota Recorders Information Network. This fund provides for the operation of a central repository for electronic land records from member counties and provides electronic access to those records over the internet. Funds are provided by electronic access fees charged to users of the system.

The Health Insurance Trust Fund is the operating fund of our self-insurance program for health benefits. Departments and employees are charged a premium for health coverage. Actual claims, reinsurance premiums, and administrative fees are paid from the fund. The County tries to maintain a reserve of about 50% of expected expense in this fund to guard against large fluctuations in the premium dollars charged. Premiums are budgeted to remain the same for 2021. The county shares the premium cost with the employees. Premiums are currently set for single, single with dependent and family plans but new plans are being considered. They would include Individual, Parent and Child, Parent and Children, Two Person (adults), and Family.

The Motor Pool owns 12 vehicles and rents them out to departments at forty cents per mile. The revenue is used to maintain and operate the vehicles, as well as replace vehicles when necessary. The cost of the vehicles is not budgeted - the vehicle purchase is written off over the life of the vehicle through depreciation expense.
