FROM: Jeanne Erickson, Parent Educator, Cass County Extension
RE: Request for approval for posters to be displayed in the skyway and Annex Building
DATE: March 10, 2022

April is Child Abuse Prevention month in North Dakota. As in previous years, the members of the Child Abuse Prevention committee and Cass County Extension are requesting permission to hang a larger poster in the window of the skyway and smaller posters in the front entry of the Annex building.

Other activities are scheduled in the community to promote awareness of child abuse prevention, including a Family event to be held downtown Fargo at Broadway Square on April 30, 2022. We will also be displaying brochures on preventing child abuse in public areas.

Motion for review:

Allow for posters to be displayed in the skywalk and in the front entry of the Cass County Annex building for Child Abuse Prevention awareness through the month of April 2022.
