County Engineer

Thomas B. Soucy, P.E.  
Deputy County Engineer

Blaine Laaveg  
Superintendent

TO: Cass County Commission

FROM: Jason Benson, Cass County Engineer *JPB*

DATE: April 5, 2022

SUBJECT: Consent Agenda Item for ~~August~~ <sup>April</sup> 18, 2022 Commission Meeting: Project CH1801 – County Road 9 Grading Project – RR Pipe Boring.

---

Attached is a Pipe Boring Quote, and PO for Lakeside Construction and Services, Inc., for the pipe boring of a new pipe under the RR tracks on Cass County Highway 9 in Durbin, ND:

CH1801 – This construction project is slated for this construction season to improve the roadway surface, inslopes, and ditch drainage. Due to a complex drainage intersection between Cass County Highway 9, RRVW Railroad Crossing, and a Durbin Township road this pipe boring project is necessary to improve the drainage at this intersection to better our Cass County Highway 9 grading project. A hydraulic report has been completed on the intersection and this new pipe was proposed. The current pipe under the RR is a 24" and the quote includes boring a new 30" pipe and plugging the existing 24" pipe.

With the local knowledge of the project location and experience working with the RRVW, we decided to only get one quote. The estimated cost of this work is \$51,400.00.

**SUGGESTED MOTION:** Authorize chairperson to sign the Quote and Purchase Order with Lakeside Construction and Services, Inc., to complete Pipe Boring work needed for Project CH1801.
