Re: Annual Sale of Property

Dear Commissioners:

The annual sale of tax-forfeited property was held on November 15, 2022. While we had a successful sale, we do have some properties in cities that were not sold. In the past, the county has offered the lots to the cities in which they are located, under the following conditions:

- The city cancels all certified specials against the property
- The county cancels all current and delinquent taxes against the property
- The city pays \$1 for each property, plus a \$20 recording fee

North Dakota Century Code allows the county to sell any property to a city if the city has a special assessment lien against the parcel. The city is normally in a better position to make the property salable and get it back on the tax rolls.

Sincerely,

SUGGESTED MOTION:

Move to offer to the City of Fargo, City of West Fargo, and the City of Grandin unsold property from the annual sale list within their respective cities for \$1.00 plus the recording costs of \$20 for each property, with the stipulation that the county will cancel all taxes, and the city will cancel all specials against the property.
