SUGGESTED MOTION:

Move to not participate in the request for a fifteen year Tax Increment Finance (TIF) incentive in the City of Fargo as originally submitted by BLOC Partners, LLC but to participate in the requested TIF for a seven year period to assist with the redevelopment of a property located on the 1600 block on the west side of University Drive South .

ADMINISTRATION DEPARTMENT

February 7, 2023

Chad Peterson, Chairman
Cass County Commission
211 9th St. S.
Fargo, ND 58103

Mr. Peterson,

According to N.D.C.C. Chapter 40-05-24, if the City of Fargo anticipates granting a property tax incentive for more than five years, the Chairman of the County Commission must be notified by letter. Within 30 days of receipt of the letter, the County Commission shall notify the City of Fargo whether they intend to participate in the incentive. If the City does not receive a response, the County must be treated as participating.

The City of Fargo received an application for up to \$4.55 million of Tax Increment Financing (TIF) funds to assist with the redevelopment of the 1600 block on the west side of University Drive South. The project would remove eight single family houses and four commercial buildings. The new project will be ~127-unit apartment building, ~13,000 sf of main floor commercial space, interior parking on the first floor and below grade. TIF funds of \$4.55 million would be used for land acquisition, demolition and site cleanup, public works improvements and administration.

The incentive would be granted in the form of a TIF note that would repay the developer from TIF property taxes for approved TIF costs. The TIF request is for extraordinary costs to make the site suitable for development. These include:

- Demolition, Soil Correction and Remediation
- Public Works Improvements
- Land Acquisition/Write Down
- Legal and TIF Fees

TIF costs are estimated at \$4.55 million for the developer. The period of the TIF district is anticipated to be 15 years after project completion. The property within the proposed district now has a value of \$2,864,000. The value of the completed project is estimated at \$30 million.

Please respond at your earliest convenience with the determination made by the County regarding the participation. Feel free to contact me with any questions or concerns.

MEMORANDUM

**TO: FARGO PUBLIC SCHOOL DISTRICT
FARGO PARK DISTRICT
CASS COUNTY**

FROM: JIM GILMOUR, STRATEGIC PLANNING DIRECTOR 

DATE: FEBRUARY 6, 2023

SUBJECT: RENEWAL PLAN & TAX INCREMENT FINANCING DISTRICT

There will be a public hearing on a proposed renewal plan and development agreement at 5:15 p.m. on Tuesday, February 21, 2022 in the City Commission Chambers at Fargo City Hall.

Below is a summary of the renewal plan and development agreement. In addition, the Renewal Plan is attached for your review.

BLOC Redevelopment – This agreement would provide about \$4.55 million of Tax Increment Financing (TIF) funds to assist with the redevelopment of the 1600 block on the west side of University Drive South. The project would remove 8 single family houses and 4 commercial buildings. The new project will be ~127-unit apartment building, ~13,000 sf of main floor commercial space, interior parking on the first floor and below grade. Tax Increment Financing funds of \$4.55 million would be used for land acquisition, demolition and site cleanup, public works improvements and administration.

The property now pays about \$37,688 a year in property taxes. The increased value should increase the taxes to \$452,250 a year, creating a tax increment of \$414,652 a year. It is anticipated the development will be completed within two years, and costs should be fully paid after 15 years. The estimated annual tax increment by taxing jurisdiction is \$201,659 for the School District, \$61,394 for the County and \$49,755 for the Park District.

If you have any questions or concerns, please feel free to contact Jim Gilmour at 701-241-1476 or JGilmour@FargoND.gov.

RENEWAL PLAN FOR TAX INCREMENT DISTRICT NO. 2023-01

Subsection 1.1. Definitions.

For the purposes of the Renewal Plan, the following terms shall have the meanings specified below, unless the context otherwise requires:

"City" means the City of Fargo, a municipal corporation under the laws of the State of North Dakota.

"City Commission" or "Commission" means the Fargo City Commission.

"Comprehensive Plan" means the City's GO 2030 Comprehensive Plan, including the objectives, policies, standards and programs to guide public and private land use, development, redevelopment and preservation for all lands and water within the City as and when such plan is adopted and finalized.

"County" means Cass County, North Dakota.

"Development" means the construction of new buildings, structures or improvements; the demolition, alteration, remodeling, repair or reconstruction of existing buildings, structures or improvements; the acquisition of equipment; and the clearing and grading of land on industrial or commercial property in the Renewal Area.

"Renewal Area" means the property described in Subsection 1.4 of this Plan.

"Renewal Plan" or "Plan" means this Plan adopted by the Commission for the Renewal Area.

"State" means the State of North Dakota.

"Tax Increment Financing Act" or "TIF Act" means North Dakota Century Code, Section 40-58-20, as amended.

"Tax Increment Bonds" means any general obligation or revenue tax increment bonds or notes issued by the City to finance the public costs associated with the TIF District as stated in this Plan, or any obligations issued to refund the Tax Increment Bonds.

"Tax Increment Financing District" or "TIF District" means Tax Increment Financing District No. 2023-01.

"Urban Renewal Law" means North Dakota Century Code, Chapter 40-58.

Subsection 1.2. Statutory Authority.

The creation of the Renewal Area and the establishment of Tax Increment Financing District No. 2023-01 are authorized by the Urban Renewal Law. Specifically the creation of the Renewal Area is authorized under North Dakota Century Code, Sections 40-58-01.1(7) and (14), which provide that the local governing body may designate industrial or commercial property, a slum or

blighted area, or combination of these properties as appropriate for a development or renewal project.

The Urban Renewal Law provides that communities develop a "workable program" for the use of public and private resources to facilitate the development of industrial or commercial properties, eliminate and prevent the development or spread of slums and urban blight, encourage needed urban rehabilitation, provide for the redevelopment of slum and blighted areas or undertake these activities or other feasible municipal activities as may be suitably employed to achieve the objectives of the workable program. North Dakota Century Code, Section 40-58-04.

Subsection 1.3. Statement of Public Purpose

In adopting the Renewal Plan for TIF District No. 2023-01, the City Commission intends to make the following findings:

- (a) The Renewal Area includes blighted properties.

Factual basis: This Renewal Area is blighted due to the presence of eight blighted and vacant single family homes, and a commercial building with some blighted conditions. This substantially impairs the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, morals or welfare in its present condition and use. Photos are include in Appendix D.

- (b) The Renewal Area has eight vacant houses on the west side of the block and four commercial buildings on the east side of the block. One commercial building is vacant and another has blighted conditions.

Factual basis: The renewal area is considered blighted as described in (a) above. Blighted areas are eligible for renewal.

- (c) The Renewal Area is appropriate for a development or renewal project.

Factual basis: The renewal area was recently rezoned to allow for housing and other commercial land uses.

- (d) The houses on the block are vacant.

Factual basis: There is no occupied housing on the site because of the poor condition of the housing. The redevelopment will include new housing units.

- (e) The Plan conforms to the Comprehensive Policy Plan for the City as a whole.

Factual basis: The proposed development is consistent with the goals that are embodied in the Go2030 Comprehensive Plan. Specifically, the Fargo Go2030 Comprehensive Plan supports infill and density within areas that are already developed, serviced with utilities and protected by a flood resiliency strategy. The promotion of infill development is the number two ranked priority of Go2030.

The plan is consistent with Core Neighborhood Plan future land used plan. The land use plan identified this block as mixed use neighborhood commercial.

The proposed use of the property is consistent with zoning and may encourage additional redevelopment adjacent to the site. The proposed development will use existing infrastructure and other infrastructure can be added as needed.

Subsection 1.4. Description of Renewal Area

The Renewal Area is located on the west side of University Drive south of the downtown, on the eastern edge of the Lewis and Clark residential neighborhood. The site is approximately two and a half acres, an entire city block between 16th and 17th Avenue South. The eastern edge of the block is University Drive and the western edge is 13 ½ Street South. It is legally described in Appendix A. A map of the Renewal Area is attached as Appendix B.

The proposed project will be commercial space, parking and multi-family housing.

The redevelopment plan is attached as Appendix C.

Subsection 1.5. Land Acquisition, Development, Demolition and Removal of Structures, Redevelopment or Public Improvements

The Development of the Renewal Area includes the following activities:

Land Acquisition/Land Write Down - The cost of acquisition of the properties less the value of the land.

Building Demolition and Site Clearing – This estimate is for demolition of the buildings, parking lot and any environmental cleanup.

Public Infrastructure – The estimate is for the costs to disconnect utilities in the street and reconstruction sidewalks and vehicle approaches to the property.

Administrative/TIF Fees – Other Tax Increment costs include the administrative costs.

Subsection 1.6. Land Use Attributes – TIF District

- (a) *Zoning or Planning Changes.*
The Renewal area was recently rezoned. No additional zoning changes are required to accommodate this project.
- (b) *Maximum Densities.*
The property within the TIF District will be developed in accordance with the applicable zoning district requirements.
- (c) *Building Requirements.*

All properties within this district are subject to the provisions of the City of Fargo Building Codes and the Land Development Code.

- (d) *Plan relationship to land use objectives (land uses, improved traffic, public transportation, public utilities, recreational and community facilities and other public imps.)*

The physical improvements outlined in the plan meet critical needs required for the redevelopment of this property. The project complies with the zoning district and the redevelopment goals of the Go2030 Comprehensive Plan and the Core Neighborhood Plan.

Subsection 1.7. Estimate of Development Costs

The City anticipates development of the Renewal Area will involve certain public costs. Under North Dakota Century Code, Sections 40-58-20 and 40-58-20.1 allow the use of funds received from tax increments to be applied to certain specified costs. The City will provide for certain costs as listed below in a development agreement, and can use other funds to pay for City infrastructure. The primary costs involved in the development are land costs, demolition and site cleanup, and public works improvements.

Land Costs	\$2,300,000
Demolition and Site Cleanup	\$1,500,000
Public Infrastructure	\$700,000
Administration	\$50,000
TOTAL	\$4,550,000

These costs represent estimated costs for planning purposes, and may be different when this plan is implemented with a development agreement. The development agreement costs will be determined after a review by City financial advisers. The maximum allowed costs will be specified in the development agreement. Based on the proposed development, the present value of TIF revenue is \$3.5 to \$4.5 million over 15 years.

The City and Developer may also obtain reimbursement of interest between the time project costs are incurred and the date the Tax Increment Revenue Note is issued, such interest being capitalized and added to the foregoing costs.

Subsection 1.8. Estimate of Bonded Indebtedness

The City intends to finance certain costs of the Development through the issuance of a Tax Increment Financing Note to the Developer. In addition, the City may use general obligation bonds, special assessment warrants or refunding improvement bonds pursuant to North Dakota Century Code, Section 40-58-20 (9), and the City may specially assess all or a portion of the costs of

development and apply funds received from tax increments to payment of the special assessments and other bonds.

Subsection 1.9. Tax Increment Financing.

The County Auditor is requested to compute, certify and remit tax increments resulting from the Development within the Renewal Area.

The original assessed value of the property within the Renewal Area, as last assessed and equalized before the base year of this Plan, is ~\$2,864,800.

Each year, the County Auditor will compute the amount of tax increment generated within the Renewal Area in accordance with the TIF Act. Any year in which there is an "incremental value" as provided in the TIF Act, an increment will be payable to the City and deposited in the fund created by the County Auditor for that purpose. Any year in which there is "lost value" pursuant to the TIF Act, no increment will be payable to the City.

Subsection 1.10. Estimate of Tax Increment.

It is anticipated the Development will result in an increase in true and full value of the Renewal Area redevelopment site to \$30 million. The value of the development site within the TIF district is \$2.8 million. The increase in value will be approximately \$27.2 million. Under the mill rate in effect as of the date of this Plan, the Renewal Area will generate tax increment each year in the estimated amount of \$380,000.

Subsection 1.11. Duration of the TIF District.

The City anticipates that the TIF District will continue until all development costs are reimbursed through the receipts of tax increment, or after a maximum of 15 property tax years after completion of the project.

Section 2.2. **Representations, Warranties and Covenants by Developer.** The Developer represents and warrants that:

(a) The Developer is a limited liability company duly organized and in good standing under the laws of the State of North Dakota, is not in violation of any provisions of its operating agreement or the laws of the State of North Dakota and is authorized to enter into and perform its obligations under this Agreement.

(b) The execution and delivery of this Agreement, the consummation of the transactions contemplated hereby and the fulfillment of or compliance with the terms and conditions of this Agreement are not prevented or limited by and will not conflict with or result in a breach of any provision or requirement applicable to the Developer or of any provision of any evidence of indebtedness, agreement or instrument of whatever nature to which the Developer is now a party or by which it is bound.

(k) The Developer understands that the City will or may subsidize or encourage the development of other properties in the City, including properties that compete with the Development Property and Improvements, and that such subsidies or encouragements may be more favorable than the terms of this Agreement, and that the City has not represented that development of the Development Property will be favored over the development of other properties.

(l) The Developer will spend enough in construction of the Minimum Improvements, when combined with the value of the Development Property, to generate an estimated minimum market value of Twenty Million Dollars (\$20,000,000).

(m) The Developer expects that, barring Unavoidable Delays, the Project will be substantially completed by December 31, 2025.

(n) As of the Closing Date, the Developer shall have binding arrangements for all the equity and loan financing necessary to complete the Minimum Improvements.

(o) As of the Closing Date, the Developer shall have submitted to the City Construction Plans consistent with the Improvements as described in Section 4.1.

(p) As of the Closing Date, the City shall be satisfied in its reasonable judgment that the Developer has firm arrangements for financing construction or acquisition of the Project in an amount sufficient, together with equity commitments, to complete the Project in conformance with such Construction Plans, or the City shall receive such other evidence of financial ability as in the reasonable judgment of the City is required.

(q) As of the Closing Date, the Developer shall have obtained an opinion from its independent legal counsel that this Agreement is in accordance with North Dakota state law, including the provisions of N.D.C.C. Chapter 40-58, and is a binding and enforceable agreement.

(r) As of the Effective Date, the Developer has marketable record title to Developer's Property free and clear of any encumbrances or lienholders except as provided in Article VII of this Agreement or, to the extent Developer does not have marketable record title, Developer has obtained from the person, firm or entity having such title an agreement [hereinafter referred to as an "Agency Agreement"] authorizing Developer to develop Developer's Property as contemplated by this agreement and authorizing Developer to enter into this Agreement, said Agency Agreement to be in a form approved by the City.

ARTICLE III

Completion of Improvements; Reimbursement of Certain Costs

Section 3.1. **Completion of Improvements by Developer.** Subject to Unavoidable Delays as provided in Section 4.2, below, the Developer shall have substantially completed the Improvements by December 31, 2025. The Developer's use of the Development Property shall be subject to (a) all of the conditions, covenants, restrictions and limitations imposed by this Agreement and also to (b) building and zoning laws and ordinances and all other local, state and federal laws and regulations.

Section 3.2. Intentionally Left Blank.

Section 3.3. **Reimbursement by City of Certain Costs; Terms of Tax Increment Note.** The Developer hereby represents to the City that the Developer has incurred and paid and will incur and pay significant Development Costs. The reimbursements that establish the principal balance of the Tax Increment Note whose principal and interest are payable to the Developer shall be as follows. The City hereby agrees to defray a portion of the Development Costs up to \$4,550,000, as follows:

1. Demolition & Site Cleanup	\$ 1,500,000
2. Public Works Improvements	\$ 700,000
3. Property Acquisition	\$ 2,300,000
4. Advance administrative Costs (Fees)	<u>\$ 50,000</u>
Total	\$ 4,550,000

For purposes of the above-described Development Costs, eligible costs for Demolition and Site Cleanup shall include, without limitation, soil remediation, building/basement removal, asbestos removal, engineering and other consultant fees, topographic, infrastructure removal, site paving removal, soil excavation and site fill, including reasonable fees and overhead charges and eligible costs for public works improvements, which shall include, without limitation, storm water infrastructure/detention, grading, including reasonable consultants' costs and fees and including reasonable overhead charges. The demolition and site cleanup and public works improvement costs may be transferred between categories provided that the total costs eligible for reimbursement will not exceed \$2,200,000. Property acquisition is capped at the stated \$2,300,00. Total development costs are capped at \$4,550,000 (including the stated administrative fee of \$50,000). The advance administrative fee of \$50,000, set forth above, will be paid by Developer to the City at the time of issuance of the Tax Increment Note. In addition, an annual administrative fee equal to five percent (5%) of the annual increment received from

the County Auditor shall be retained by the City prior to remittance to Developer of said increment as payment on the TIF Renewal Note.

If there is a category of expense that is deemed ineligible under the Urban Renewal Law, but there are additional eligible expenses not otherwise reimbursed under this Agreement, then such otherwise non-reimbursed, but eligible, expenses may be recognized as an eligible expense under this Agreement. In addition to the foregoing costs, Developer shall be entitled to reimbursement over and above the foregoing eligible expenses an agreed upon interest rate of Four and 65/100ths (4.65%) Per Annum to be paid to Developer under the Tax Increment Note. All of the said costs, and interest, meet the representation set forth at Section 2.2(g) by issuing the Tax Increment Note, substantially in the form of Exhibit C to this Agreement, subject to the following conditions:

(a) There shall be one (1) Tax Increment Note. The principal amount of the Tax Increment Note shall be determined by adding the \$4,550,000 (or so much thereof as shall be demonstrated as set forth in Section 3.3(d)) plus a sum equal to Capitalized Interest. The Tax Increment Note shall provide for payments to be made by the City to Developer of Developer's Tax Increment received by the City from the County for the Project for the first Tax Year and for each of fourteen (14) subsequent Tax Years, with payments to be made annually on the Payment Dates, it being further provided that Available Tax Increment exists pertaining to the fifteenth (15th) or earlier Tax Years

(b) The Tax Increment Note shall be delivered only if no Event of Default shall have occurred and be at the time continuing.

(c) This subsection intentionally left blank.

(d) If the conditions set forth in this Section are met, the Tax Increment Note shall be dated, issued and delivered when the Certificate of Completion has been delivered and when the Developer shall have demonstrated in writing to the reasonable satisfaction of the City that the Developer has incurred and paid eligible costs of the Improvements to be borne by Developer which will not be otherwise reimbursed or paid hereunder. Demonstration of eligible costs of Improvements up to the maximum amount of the Tax Increment Note shall be made pursuant to one or more certifications in form and substance satisfactory to the City that all or a portion of the costs of the Improvements have been incurred, together with evidence satisfactory to the City of the nature and amount of the costs of the Improvements and of the costs incurred by the Developer. Each certification shall demonstrate the specific purpose and amount of the costs of the Improvements and their compliance with the representation set forth at Section 2.2(g). The City's determination of a cost's compliance with the representation set forth at Section 2.2(g) shall, if based on the advice of its city attorney after consultation with the Developer or its counsel, be conclusive. The delivery of the Tax Increment Note itself constitutes reimbursement of expenditures in an amount equal to the principal amount of the Tax Increment Note; there are no monetary proceeds received by Developer upon delivery of the Tax Increment Note.

(e) Subject to the provisions of the Tax Increment Note, the principal of and interest on the Tax Increment Note shall in the aggregate be payable on May 15th following the date of issuance of the Tax Increment Note and on May 15th of each year thereafter until the Maturity Date, said May 15th dates being referred to herein as the "Payment Date" or collectively as the "Payment Dates". The first payment on the Tax Increment Note, to become due and payable on the first Payment Date, shall be limited to all the Available Tax Increments received to said date by the City on the Project. For all payments after said first payment on the Tax Increment Note, the amounts payable on the Tax Increment Note on each Payment Date shall be limited to the Available Tax Increments received by the City since the prior year's Payment Date. All payments made on the Tax Increment Note shall be applied first to pay accrued and unpaid interest on the Tax Increment Note and second toward payment of principal. **To the extent that the Available Tax Increments are insufficient, through the Maturity Date, to pay all accrued and unpaid interest on and the principal of the Tax Increment Note, said unpaid amounts shall then cease to be any debt or obligation of the City or of the City whatsoever.**

(f) The unpaid principal of the Tax Increment Note shall bear interest at Four and 65/100ths (4.65%) per annum from the date of issuance, compounded annually. Interest shall be computed on the basis of a 360-day year consisting of 12 months of 30 days each.

(g) The City expresses no opinion in particular as to whether, or not, the interest income from any such TIF Revenue Note is exempt from federal income taxation, but it is assumed that the Tax Increment Note will be a "taxable" obligation.

(h) The Tax Increment Note shall be a special and limited revenue obligation of the City and not a general obligation of the City, and only Available Tax Increments received by the City shall be used to pay the principal of and interest on the Tax Increment Note. [Note: See definition of "Available Tax Increments", above.]

(i) The Tax Increment Note shall be governed by and payable pursuant to the additional terms thereof, as set forth in Exhibit C. In the event of any conflict between the terms of the Tax Increment Note and the terms of this Section 3.3, the terms of the Tax Increment Note shall govern. No payments will be made on the Tax Increment Note during such time as there is a Specified Event of Default that has not been cured by the Developer.

(j) In connection with the issuance of the Tax Increment Note, and as conditions to such issuance, the Developer shall be provided with a Private Placement Memorandum and shall execute a receipt in a form acceptable to the City stating that it has relied on its own determinations in acquiring the Tax Increment Note and not on representations or information provided by the City.

(k) For purposes of this Agreement all project values shall be as valued by the City Assessor.

Section 3.4. Release and Indemnification Covenants.

(a) The Developer releases the City and the governing body members, officers, agents, including independent contractors, consultants and legal counsel, servants and employees thereof (hereinafter, for purposes of this Section, collectively the "Indemnified Parties") from, covenants and agrees that the Indemnified Parties shall not be liable for, and agrees to indemnify and hold harmless the Indemnified Parties against, any loss or damage to property or any injury to or death of any person for which a claim is made prior to the issuance of a Certificate of Completion and occurring at, about or in connection with the Development Property and/or Improvements, or the Developer's undertaking and completion thereof, or resulting from any defect therein, except to the extent such loss, damage or death is caused by the negligence or other wrongful acts of the Indemnified Parties. This paragraph (a) shall only apply to claims made prior to the issuance of a Certificate of Completion.

(b) Except for any willful misrepresentation or any willful or wanton misconduct or negligence of the Indemnified Parties, the Developer agrees to protect and defend the Indemnified Parties, now and forever, and further agrees to hold the aforesaid harmless from any claim, demand, suit, action or other proceeding whatsoever by any person or entity whatsoever brought prior to the issuance of a Certificate of Completion and arising or purportedly arising from this Agreement, or the transactions contemplated hereby or the acquisition, construction, installation, ownership, and operation of the Improvements; provided that this indemnification shall not apply to the warranties made or obligations undertaken by the City in this Agreement.

(c) The Indemnified Parties shall not be liable for any damage or injury to the persons or property of the Developer or its officers, agents, servants or employees or any other person who may be about the Project due to any act of negligence of any person, other than any act of negligence on the part of any such indemnified party or its officers, agents, servants or employees.

(d) All covenants, stipulations, promises, agreements and obligations of the City contained herein shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the City and not of any governing body member, officer, agent, servant or employee of the City.

(e) This Agreement shall not create nor be construed to create any partnership, joint venture, agency, or employment relationship between the Parties.

Section 3.5. Intentionally left blank.

Section 3.6. Use of Tax Increments.

The City receives the Tax Increments generated by the TIF District from the County. The City may use Tax Increments which are not Developer Tax Increments for any purpose permitted by law. Developer Tax Increments shall be used on any date of application for the following purposes in the following order of priority:

- (1) to make payments on the Tax Increment Note; and
- (2) after payment of the Tax Increment Note in full, to pay or reimburse redevelopment costs identified by the City and to pay other eligible expenses for other projects that may be approved for the TIF District, from time to time, by the governing body of the City.

ARTICLE IV

Construction Of Minimum Improvements

Section 4.1 **Construction of Minimum Improvements.** The development by the Developer shall require the construction of a minimum of 12,000 square feet of commercial space and 120 apartments. The project will be considered complete when a Certificate of Occupancy has been issued for 95% of the apartment units and the commercial space is at least shelled in and ready for tenant improvements. The Improvements constructed by the Developer may, and are hereby permitted to and encouraged to, exceed in scope, scale and nature the Minimum Improvements. The Minimum Improvements constitute the lowest (or minimum) extent of Improvements which meet the development required to be provided hereunder by the Developer.

Section 4.2 **Commencement and Completion of Construction.** Subject to Unavoidable Delays, by December 31, 2025, the Developer shall have substantially completed the construction of the Minimum Improvements to be completed by Developer.

Time lost as a result of Unavoidable Delays shall be added to extend the completion date beyond such date, a number of days equal to the number of days lost as a result of Unavoidable Delays.

The Developer agrees for itself, and every successor in interest to the Development Property, or any part thereof, that the Developer, and such successors and assigns, shall cause to be promptly begun and diligently prosecuted to complete construction of the Minimum Improvements thereon, and that such construction shall in any event be commenced and completed within the period specified in this Section 4.2. Until construction of the Minimum Improvements has been completed, the Developer shall make reports to the City, in such detail and at such times as may reasonably be requested by the City, as to the actual progress of the Developer with respect to construction of the Minimum Improvements.

The Developer agrees that it shall permit designated representatives of the City to enter upon the Development Property during the construction of the Minimum Improvements to inspect such construction, after reasonable notice to Developer and at City's risk, to determine compliance with this agreement. This paragraph is not intended to apply to the customary building or code inspections by the City.

Section 4.3 **Certificate of Completion.** Promptly after completion of the Minimum Improvements to be completed by Developer in accordance with the provisions of this Agreement, the City will furnish the Developer with a Certificate of Completion, in substantially the form set forth in Exhibit F attached hereto. Such Certificate of Completion shall be a conclusive determination that the Developer has fulfilled the obligations of the Developer, and its successors and assigns, to construct the Minimum Improvements to be completed by Developer.

If the City shall refuse or fail to provide a Certificate of Completion in accordance with the provisions of this Section 4.4, the City shall, within twenty (20) days after written request by the Developer, provide the Developer with a written statement indicating in adequate detail in what respects the Developer has failed to complete the Minimum Improvements in accordance with the provisions of this Agreement, or is otherwise in default under the terms of this Agreement, and what measures or acts it will be necessary, in the opinion of the City, for the Developer to take or perform in order to obtain such Certificate of Completion.

ARTICLE V

Insurance And Condemnation

Section 5.1. **Insurance.**

(a) The Developer will provide and maintain or cause to be maintained at all times during the process of constructing the Minimum Improvements and, from time to time at the request of the City, furnish the City with proof of payment of premiums on:

(I) Builder's risk insurance, written on the so-called "Builder's Risk -- Completed Value Basis" in an amount equal to one hundred percent (100%) of the insurable value of the Minimum Improvements at the date of completion, and with coverage available in non-reporting form on the so-called "all risk" form of policy; the interest of the City shall be protected in accordance with a clause in form and content satisfactory to the City;

(ii) Comprehensive general liability insurance (including operations, contingent liability, operations of subcontractors, completed operations and contractual liability insurance) together with an Owner's Contractor's Policy with limits against bodily injury and property damage of not less than \$500,000 for each occurrence (to accomplish the above-required limits, an umbrella excess liability policy may be used); and

(iii) Worker's compensation insurance, with statutory coverage.

(b) All insurance required in this Article V shall be taken out and maintained in responsible insurance companies selected by the Developer which are authorized under the laws of the State to assume the risks covered thereby. The Developer will deposit upon the request of the City, but no more often than annually, with the City a certificate or certificates or binders of the respective insurers stating that such insurance is in force and effect. In lieu of separate policies, the Developer may maintain a single policy, or blanket or umbrella policies, or a combination thereof, which provide the total coverage required herein, in which event the Developer shall deposit with the City a certificate or certificates of the respective insurers as to the amount of coverage in force upon the Minimum Improvements.

Section 5.2. **Condemnation.** In the event that title to and possession of the Improvements, or any material part thereof, but solely as to the Development Property and Improvements which the Developer retains ownership of, shall be taken in condemnation or by the exercise of the power of eminent domain by any governmental body or other person (except the City) prior to the Maturity Date the Developer shall, with reasonable promptness after such taking, notify the City as to the nature and extent of such taking.

ARTICLE VI

Intentionally left blank.

ARTICLE VII

Mortgage Financing

Section 7.1. **Limitation Upon Encumbrance of Property.** Prior to the completion of the Minimum Improvements, as certified by the City, neither the Developer nor any successor in interest to the Development Property or any part thereof shall engage in any financing or any other transaction creating any mortgage or other encumbrance or lien upon the Development Property, whether by express agreement or operation of law, or suffer any encumbrance or lien to be made on or attach to the Development Property, other than:

- (a) except for the purpose of securing financing for the Development Property or Minimum Improvements, or all of them; and
- (b) if the City is given notice of such Mortgage in accordance with Sections 7.1 and 7.2.

Section 7.2. **Notice of Mortgage.** The Developer shall provide the City with a copy of the Mortgage and related note prior to the completion of the Minimum Improvements thereon.

Section 7.3. **Notice of Default; Copy to Mortgagee.** Whenever the City shall deliver any notice or demand to the Developer with respect to any breach or default by the Developer in its obligations or covenants under this Agreement for which the remedies of Sections 9.3 and 9.4 are available, the City shall at the same time forward a copy of such notice or demand to each holder of any Mortgage at the last address of such holder shown in the records of the City.

Section 7.4. **Mortgagee's Option to Cure Defaults.** After any breach or default referred to in Section 7.3, each such holder shall (insofar as the rights of the City are concerned) have the right, at its option, to cure or remedy such breach or default (or such breach or default to the extent that it relates to the part of the Development Property covered by its mortgage) and to add the cost thereof to the Mortgage debt and the lien of its Mortgage; provided, however, that if the breach or default is with respect to construction covered by the Mortgage, nothing contained in this Section or any other Section of this Agreement shall be deemed to require such holder, either before or after foreclosure or action in lieu thereof, to undertake or continue the construction or completion of the work covered by the Mortgage (beyond the extent necessary to conserve or protect the work or construction already made), provided that any such holder shall not devote the Development Property or portion thereof to a use inconsistent with the Development Plan or this Agreement without the agreement of the City.

Section 7.5. **City's Option to Cure Default on Mortgage.** In the event that the Developer is in default under any Mortgage authorized pursuant to this Article VII, whether or not the holder of the Mortgage has given the Developer notice of such default, the Developer shall notify the City in writing of:

- (a) the fact of the default;

- (b) the elements of the default; and
- (c) the actions required to cure the default.

If the default is an "Event of Default" under such Mortgage, which shall entitle such holder thereof to foreclose upon the Development Property covered by the Mortgage or any portion thereof, the Developer shall afford the City an opportunity to cure the "Event of Default" to the extent consistent with the Mortgage or permitted by the holder of the Mortgage upon request of the Developer, which request the Developer hereby covenants to make, within the time for cure provided by the Mortgage or within such longer reasonable time period as the holder shall deem appropriate. The City shall have no obligation to cure any such default.

ARTICLE VIII

Prohibitions Against Assignment And Transfer; Indemnification

Section 8.1. **Status of Developer; Transfer of Substantially All Assets.** As security for the obligations of the Developer under this Agreement, the Developer represents and agrees that prior to the earlier of the issuance of the Tax Increment Note, the Developer will maintain its existence as a North Dakota limited liability company and maintain its authority to conduct business in the State of North Dakota and shall not consolidate with or merge into another entity and shall not dissolve or otherwise dispose of all or substantially all of its assets; provided that the Developer may consolidate with or merge into another entity or sell or otherwise transfer to a partnership, limited liability partnership or corporation organized under the laws of one of the United States, or an individual, all or substantially all of its assets as an entirety and thereafter dissolve and be discharged from liability hereunder if (i) the transferee partnership, corporation or individual assumes in writing all of the obligations of the Developer under this Agreement; and (ii) the City receives such new security from the successor Developer to assure completion of the Project and the fulfillment of the remaining obligations of this Agreement as the City deems necessary or desirable.

Section 8.2. **Prohibition Against Transfer of Property and Assignment of Agreement.** The Developer represents and agrees that prior to the issuance of the Tax Increment Note:

(a) Subject to Article VII and Subsections 8.2(c), 8.2(e) and 8.2(f) of this Agreement, except (i) only by way of security for, and only for, the purpose of obtaining financing (including construction loans secured by the Project, and loans secured by the Tax Increment Note) necessary to enable the Developer or any successor in interest to the Development Property, or any part thereof, to perform its obligations with respect to making the Minimum Improvements under this Agreement, (ii) for a transfer of a portion of the Development Property to a separate entity that controls, is controlled by, or is under common control with, Developer, or (iii) for any other purpose authorized by this Agreement, the Developer has not made or created and will not make or create or suffer to be made or created any total or partial sale, assignment, conveyance, or lease, or any trust or power, or transfer in any other mode or form of or with respect to the Agreement or the relevant portion of the Development Property or any part thereof or any interest therein, or any contract or agreement to do any of the same, without the prior written approval of the City.

(b) Subject to Subsections 8.2(c), the City shall be entitled to require, except as otherwise provided in the Agreement, as conditions to any such approval that:

(i) Any proposed transferee shall have the qualifications and financial responsibility, in the reasonable judgment of the City, necessary and adequate to fulfill the remaining obligations undertaken in this Agreement by the Developer with respect to the relevant portion of the Development Property.

(ii) Any proposed transferee, by instrument in writing satisfactory to the City and in form recordable among the land records, shall, for itself and its successors and assigns, and expressly for the benefit of the City, have expressly assumed with respect to the relevant portion of the Development Property all of the remaining obligations of the Developer under this Agreement and agreed to be subject to all the conditions and restrictions to which the Developer is subject (unless the Developer agrees to continue to fulfill those obligations, in which case the preceding provisions of this Section 8.2(b)(ii) shall not apply); provided, however, that the fact that any transferee of, or any other successor in interest whatsoever to, the Development Property, or any part thereof, shall not, for whatever reason, have assumed such obligations or so agreed, shall not (unless and only to the extent otherwise specifically provided in this Agreement or agreed to in writing by the City) deprive the City of any rights or remedies or controls with respect to the Development Property or any part thereof or the construction of the Minimum Improvements; it being the intent of the parties as expressed in this Agreement that (to the fullest extent permitted at law and in equity and excepting only in the manner and to the extent specifically provided otherwise in this Agreement) no transfer of, or change with respect to, ownership in the Development Property or any part thereof, or any interest therein, however consummated or occurring, and whether voluntary or involuntary, shall operate, legally or practically, to deprive or limit the City of or with respect to any rights or remedies or controls provided in or resulting from this Agreement with respect to the Minimum Improvements that the City would have had, had there been no such transfer or change. In the absence of specific written approval by the City to the contrary, no such transfer or approval by the City thereof shall be deemed to relieve the Developer, or any other party bound in any way by this Agreement or otherwise with respect to the construction of the Minimum Improvements, from any of its obligations with respect thereto.

(iii) There shall be submitted to the City for review and prior written approval all pertinent instruments and other legal documents involved in effecting the transfer of any interest in this Agreement or the Development Property governed by this Article VIII.

(c) Upon the furnishing of a Certificate of Completion pursuant to Section 4.4, notwithstanding any provisions to the contrary in this Article VIII, the Developer may sell or transfer such property or a portion thereof without any approval pursuant to Section 8.2(a) or (b).

(d) Nothing in subsections (a) or (b), above, is intended to limit the Developer's authority and right to rent or lease space in the Development Property to tenants.

Section 8.3. Approvals. Any approval of a transfer of interest in the Developer, this Agreement, or the Development Property or of a release of the Developer from its obligations hereunder required to be given by the City under this Article VIII

may be denied only in the event that the City reasonably determines that the ability of the Developer to perform its obligations under this Agreement and its statutory duty, as owner, to pay ad valorem real property taxes assessed with respect to the Development Property, or any part thereof, or the overall financial security provided to the City under the terms of this Agreement, or the likelihood of the Minimum Improvements being successfully constructed and operated pursuant to the terms of this Agreement, will be materially impaired by the action for which approval is sought.

ARTICLE IX

Events of Default

Section 9.1. **Events of Default Defined.** The following are Events of Default under this Agreement:

(a) There shall have occurred a failure in the observance or performance in any material respect of any covenant, condition, obligation or agreement to be observed or performed under this Agreement.

(b) If any representation or warranty made by the Developer herein shall at any time prove to have been incorrect in any material respect as of the time made.

(c) If the Improvements are not substantially completed by December 31, 2025, as such time may be extended by Unavoidable Delays.

(d) If the holder of any mortgage on the Development Property or any portion thereof shall commence a legal action on the secured indebtedness or a foreclosure of its mortgage.

(e) If the Developer shall breach, in a material respect, any warranties, covenants or other provisions of this Agreement not referred to in the foregoing provisions of this Section 9.1.

(f) The filing by the Developer of a voluntary petition in bankruptcy or the adjudication of the Developer as a bankrupt, the insolvency of the Developer or the filing by the Developer of any petition or answer seeking or acquiescing in any reorganization, arrangement, composition, readjustment, liquidation resolution or similar relief under any present or future federal, state or other statutes, laws or regulations relating to bankruptcy, insolvency or other relief for debtors, or if the Developer seeks or consents to or acquiesces in the appointment of any trustee, receiver or liquidator for itself or its property, or makes any general assignment for the benefit of creditors, or admits in writing its inability to pay its debts generally as they become due.

(g) If the Developer shall not have available, and be able to demonstrate to the reasonable satisfaction of the City, sufficient funds to complete the Improvements and pay all costs thereof.

An Event of Default shall also include any occurrence which would with the passage of time or giving of notice become an Event of Default as defined hereinabove.

Section 9.2. Remedies on Default. Whenever any Event of Default occurs, in addition to all other remedies available to the City at law or in equity, the City (1) may, upon written notice, suspend its performance (other than the payment of the Tax Increment Note, except as provided below for a Specified Event of Default) under this Agreement until it receives assurances from the Developer, deemed adequate by the City, that the Developer has cured its default and will continue its performance under this Agreement, and (2) may, after provision of sixty (60) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said sixty (60) days, or, if the Event of Default cannot be cured within sixty (60) days, the Developer does not provide assurances to the City reasonably satisfactory to the City that the Event of Default will be cured as soon as reasonably possible, terminate this Agreement, without further obligation whatsoever hereunder to the Developer.

Notwithstanding anything to the contrary stated in this Agreement, the City shall not exercise any remedies at law or in equity or under this Agreement upon an Event of Default by the Developer, other than the City's right to suspend its performance under this Agreement, until after provision of sixty (60) days written notice to the Developer of the Event of Default, but only if the Event of Default has not been cured within said sixty (60) days, or, if the Event of Default cannot be cured within sixty (60) days, the Developer does not provide assurances to the City reasonably satisfactory to the City that the Event of Default will be cured as soon as reasonably possible.

As a remedy for an Event of Default:

- (a) The City may suspend or terminate payments on the Tax Increment Note, if the Event of Default is a Specified Event of Default.
- (b) The City may withhold a Certificate of Completion.
- (c) The City may take any action, including legal, equitable or administrative action, which may appear necessary or desirable to collect any payments due under this Agreement, to recover any damages or to enforce performance and observance of any obligation, agreement, or covenant of the Developer under this Agreement.

Section 9.3. No Remedy Exclusive. No remedy herein conferred upon or reserved to the either Party is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Agreement or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 9.4. **No Additional Waiver Implied by One Waiver.** If any agreement contained in this Agreement should be breached by either Party and thereafter waived by the other Party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other concurrent, previous or subsequent breach hereunder.

Section 9.5. **Agreement to Pay Attorneys' Fees and Expenses.** Whenever any Event of Default occurs and has not been cured within sixty (60) days and the City shall employ attorneys or incur other expenses for the enforcement, performance or observance of any obligations or agreement on the part of the Developer contained herein, or for the identification and/or pursuit of any remedies or possible workouts of such default, the Developer agrees that it shall, on demand therefor, pay to the City the reasonable fees of such attorneys and such other reasonable expenses so incurred by the City. If an Event of Default cannot be cured within sixty (60) days, but the Developer has provided assurances to the City reasonably satisfactory to the City that the Event of Default will be cured as soon as reasonably possible (as provided in Section 9.2), and the Developer does so cure said Event of Default in the manner as assured to the City, the Event of Default shall be deemed to have been cured within said sixty (60) days for purposes of this Section.

ARTICLE X

Additional Provisions

Section 10.1. **Titles of Articles and Sections.** Any titles of the several parts, Articles and Sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of the provisions hereof.

Section 10.2. **Notices and Demands.** Except as otherwise expressly provided in this Agreement, a notice, demand or other communication under this Agreement by either Party to the other shall be sufficiently given or delivered if sent by registered or certified mail, postage prepaid, return receipt requested, or delivered personally; and,

(a) in the case of the Developer, to Richard A. Berg, General Partner, BLOC Partners, LLC, 3068 Thunder Road, Fargo, ND 58104, and

(b) in the case of the City, to the City at 225 North 4th Street, Fargo, North Dakota 58102, Attention: Director of Strategic Planning and Research AND to the City at 225 North 4th Street, Fargo, North Dakota 58102, Attention: City Auditor;

or at such other address with respect to either such Party as that Party may, from time to time, designate in writing and forward to the other as provided in this Section.

Section 10.3. **Counterparts.** This Agreement may be executed in any number of counterparts, each of which shall constitute an original hereof.

Section 10.4. **Law Governing.** The Parties agree that this Agreement shall be governed and construed in accordance with the laws of the State of North Dakota.

To the extent the ability of the City to perform any obligations under this agreement is impaired or limited by modifications in North Dakota law, as established either by the legislature or the courts, this agreement shall be interpreted and construed to maximize the fulfillment of such obligations under the law; however, no breach of this agreement may be deemed to occur as a result of such impairment or limitation.

Section 10.5. **No Filing of Agreement.** The Parties agree that this Agreement shall not be filed against the Development Property, and each Party agrees that if it shall inadvertently cause or suffer this Agreement to be so filed, it will take such actions as may be necessary to remove, satisfy and render ineffective any such filing.

Section 10.6. **Modification.** If the Developer is requested by the holder of a Mortgage or by a prospective holder of a prospective Mortgage to amend or supplement this Agreement in any manner whatsoever, the City will, in good faith, consider the request with a view to granting the same unless the City, in its reasonable judgment, concludes that such modification is not in

the public interest, or will significantly and undesirably weaken the financial security provided to the interests of the City by the terms and provisions of this Agreement.

Section 10.7. **Legal Opinions.** Upon execution of this Agreement, each party shall, upon request of the other parties, supply the other parties with an opinion of its legal counsel to the effect that this Agreement is legally issued or executed by, and valid and binding upon, such party, and enforceable in accordance with its terms.

Section 10.8. **Approvals; Officer Action.** Wherever in this Agreement the consent or approval of the City or Developer is required or requested, such consent or approval shall not be unreasonably withheld or unduly delayed (except to the extent that, as a remedy upon the occurrence of an Event of Default, the City is entitled to withhold its performance). Any approval, execution of documents, or other action to be taken by the City pursuant to this Agreement or for the purpose of determining sufficient performance by the Developer under this Agreement may be made, executed or taken by the Mayor of the City without further approval by the Board of City Commissioners of the City, to the extent permitted by law. The Mayor may, but shall not be required to, consult with other City staff with respect to such matters. Any approval, execution of documents, or other action to be taken by the City pursuant to this Agreement or for the purpose of determining sufficient performance by the Developer under this Agreement may be made, executed or taken by the Mayor without further approval by the Board of City Commissioners of the City, to the extent permitted by law. The Mayor may, but shall not be required to, consult with City staff with respect to such matters.

Nothing in that or in this Section shall affect the City's right, should the City not so elect to terminate this Agreement and as recourse against the Developer, to insist on performance hereunder by the Developer.

"Developer Tax Increments minus the reasonable and not theretofore reimbursed actual expenses incurred by the City in establishing and maintaining the TIF District, in preparing and implementing this Agreement, and in general in administering the TIF District and this Agreement and any supplements hereto and in participating in the actions or transactions contemplated thereby and hereby."

Developer Tax Increments shall be used on any date of application for the following purposes in the following order of priority:

Sufficiency of Revenues. The City makes no representation or covenant, express or implied, that the revenues described herein will be sufficient to pay, in whole or in part, the amounts which are or may otherwise become due and payable hereunder. MEMORANDUM

TO: Fargo City Commission

FROM: Jim Gilmour, Director of Strategic Planning and Research 

DATE: February 14, 2023

SUBJECT: Renewal Plan for University Drive South

I drafted a Renewal Plan for the redevelopment of the west side of the 1600 block of University Drive South. The project would demolish and cleanup the site of eight vacant single family houses and four commercial buildings. The new development would be ~127 apartments, ~13,000 sf of main floor commercial space and parking.

The developer is requesting \$4.55 million in Tax Increment Financing (TIF) to demolish the buildings, site cleanup, infrastructure needs and cost of property acquisition. The estimated annual TIF income is ~\$415,000 a year and the length of the TIF district would be 15 years following the completion of the project.

City financial adviser PFM reviewed the project and stated, **“The estimated internal rate of return is appropriate given the risk level for this type of project. Based on the information provided to PFM, the calculated internal rate of return and the coverage requirements, PFM concludes the project would not be feasible without public assistance.”**

A public hearing on the Renewal Plan and Developer Agreement is part of the review process. One of the purposes of the hearing is to provide potential competitors an opportunity to comment if they feel the agreement would result in unfair competition.

Recommended Motion:

Approve the Resolution adopting the Renewal Plan and a Developer Agreement with BLOC Partners, LLC to provide TIF funds for the project.

That the development, rehabilitation, conservation or redevelopment, or a combination thereof, of the area contained within the Renewal Plan for Tax Increment Financing District No. 2023-01, is necessary in the interest of public health, safety, morals or welfare of the residents of the City of Fargo and will afford maximum opportunity, consistent with the sound needs of the city as a whole, for the rehabilitation or redevelopment of the development area by private enterprise.

“City Commission” or “Commission” means the Fargo City Commission.

Specifically the creation of the Renewal Area is authorized under North Dakota Century Code, Sections 40-58-01.1(7) and (14), which provide that the local governing body may designate industrial or commercial property, a slum or

blighted area, or combination of these properties as appropriate for a development or renewal project.

The Urban Renewal Law provides that communities develop a “workable program” for the use of public and private resources to facilitate the development of industrial or commercial properties, eliminate and prevent the development or spread of slums and urban blight, encourage needed urban rehabilitation, provide for the redevelopment of slum and blighted areas or undertake these activities or other feasible municipal activities as may be suitably employed to achieve the objectives of the workable program. North Dakota Century Code, Section 40-58-04.

Subsection 1.3. Statement of Public Purpose

In adopting the Renewal Plan for TIF District No. 2023-01, the City Commission intends to make the following findings:

- (a) The Renewal Area includes blighted properties.

Factual basis: This Renewal Area is blighted due to the presence of eight blighted and vacant single family homes, and a commercial building with some blighted conditions. This substantially impairs the sound growth of a municipality, retards the provision of housing accommodations or constitutes an economic or social liability and is a menace to the public health, safety, morals or welfare in its present condition and use. Photos are include in Appendix D.

- (b) The Renewal Area has eight vacant houses on the west side of the block and four commercial buildings on the east side of the block. One commercial building is vacant and another has blighted conditions.

Factual basis: The renewal area is considered blighted as described in (a) above. Blighted areas are eligible for renewal.

- (c) The Renewal Area is appropriate for a development or renewal project.

Factual basis: The renewal area was recently rezoned to allow for housing and other commercial land uses.

- (d) The houses on the block are vacant.

Factual basis: There is no occupied housing on the site because of the poor condition of the housing. The redevelopment will include new housing units.

- (e) The Plan conforms to the Comprehensive Policy Plan for the City as a whole.

Factual basis: The proposed development is consistent with the goals that are embodied in the Go2030 Comprehensive Plan. Specifically, the Fargo Go2030 Comprehensive Plan supports infill and density within areas that are already developed, serviced with utilities and protected by a flood resiliency strategy. The promotion of infill development is the number two ranked priority of Go2030.

The plan is consistent with Core Neighborhood Plan future land used plan. The land use plan identified this block as mixed use neighborhood commercial.

The proposed use of the property is consistent with zoning and may encourage additional redevelopment adjacent to the site. The proposed development will use existing infrastructure and other infrastructure can be added as needed.

Subsection 1.4. Description of Renewal Area

The Renewal Area is located on the west side of University Drive south of the downtown, on the eastern edge of the Lewis and Clark residential neighborhood. The site is approximately two and a half acres, an entire city block between 16th and 17th Avenue South. The eastern edge of the block is University Drive and the western edge is 13 ½ Street South. It is legally described in Appendix A. A map of the Renewal Area is attached as Appendix B.

The proposed project will be commercial space, parking and multi-family housing.

The redevelopment plan is attached as Appendix C.

Subsection 1.5. Land Acquisition, Development, Demolition and Removal of Structures, Redevelopment or Public Improvements

The Development of the Renewal Area includes the following activities:

Land Acquisition/Land Write Down - The cost of acquisition of the properties less the value of the land.

Building Demolition and Site Clearing – This estimate is for demolition of the buildings, parking lot and any environmental cleanup.

Public Infrastructure – The estimate is for the costs to disconnect utilities in the street and reconstruction sidewalks and vehicle approaches to the property.

Administrative/TIF Fees – Other Tax Increment costs include the administrative costs.

Subsection 1.6. Land Use Attributes – TIF District

- (a) *Zoning or Planning Changes.*
The Renewal area was recently rezoned. No additional zoning changes are required to accommodate this project.
- (b) *Maximum Densities.*
The property within the TIF District will be developed in accordance with the applicable zoning district requirements.
- (c) *Building Requirements.*

All properties within this district are subject to the provisions of the City of Fargo Building Codes and the Land Development Code.

- (d) *Plan relationship to land use objectives (land uses, improved traffic, public transportation, public utilities, recreational and community facilities and other public imps.)*

The physical improvements outlined in the plan meet critical needs required for the redevelopment of this property. The project complies with the zoning district and the redevelopment goals of the Go2030 Comprehensive Plan and the Core Neighborhood Plan.

Subsection 1.7. Estimate of Development Costs

The City anticipates development of the Renewal Area will involve certain public costs. Under North Dakota Century Code, Sections 40-58-20 and 40-58-20.1 allow the use of funds received from tax increments to be applied to certain specified costs. The City will provide for certain costs as listed below in a development agreement, and can use other funds to pay for City infrastructure. The primary costs involved in the development are land costs, demolition and site cleanup, and public works improvements.

Land Costs	\$2,300,000
Demolition and Site Cleanup	\$1,500,000
Public Infrastructure	\$700,000
Administration	\$50,000
TOTAL	\$4,550,000

These costs represent estimated costs for planning purposes, and may be different when this plan is implemented with a development agreement. The development agreement costs will be determined after a review by City financial advisers. The maximum allowed costs will be specified in the development agreement. Based on the proposed development, the present value of TIF revenue is \$3.5 to \$4.5 million over 15 years.

The City and Developer may also obtain reimbursement of interest between the time project costs are incurred and the date the Tax Increment Revenue Note is issued, such interest being capitalized and added to the foregoing costs.

Subsection 1.8. Estimate of Bonded Indebtedness

The City intends to finance certain costs of the Development through the issuance of a Tax Increment Financing Note to the Developer. In addition, the City may use general obligation bonds, special assessment warrants or refunding improvement bonds pursuant to North Dakota Century Code, Section 40-58-20 (9), and the City may specially assess all or a portion of the costs of

development and apply funds received from tax increments to payment of the special assessments and other bonds.

Subsection 1.9. Tax Increment Financing.

The County Auditor is requested to compute, certify and remit tax increments resulting from the Development within the Renewal Area.

The original assessed value of the property within the Renewal Area, as last assessed and equalized before the base year of this Plan, is ~\$2,864,800.

Each year, the County Auditor will compute the amount of tax increment generated within the Renewal Area in accordance with the TIF Act. Any year in which there is an "incremental value" as provided in the TIF Act, an increment will be payable to the City and deposited in the fund created by the County Auditor for that purpose. Any year in which there is "lost value" pursuant to the TIF Act, no increment will be payable to the City.

Subsection 1.10. Estimate of Tax Increment.

It is anticipated the Development will result in an increase in true and full value of the Renewal Area redevelopment site to \$30 million. The value of the development site within the TIF district is \$2.8 million. The increase in value will be approximately \$27.2 million. Under the mill rate in effect as of the date of this Plan, the Renewal Area will generate tax increment each year in the estimated amount of \$380,000.

Subsection 1.11. Duration of the TIF District.

The City anticipates that the TIF District will continue until all development costs are reimbursed through the receipts of tax increment, or after a maximum of 15 property tax years after completion of the project.

Assistance Request

The Developer Is requesting assistance in the form of tax Increment financing under the City's Tax Increment Financing Policy. The Policy provides public assistance to a development through tax increment financing for private development. According to Policy #3, the maximum TIF assistance is 15 years and the Developer Is asking for a 15-year exemption.

Requested Reimbursement

Below is the detailed requested cost of the proposed project to be reimbursed.

Public Infrastructure	704,000
Land Acquisition/Write Down	2,900,000
Site Survey/Soil Borings	86,000
Building Demo, Clearing, Tree Removal	705,900
Closing Costs for Land	55,000
Site Clearing/Grading	605,000
Total Requested Cost to be Reimbursed	\$5,055,900

The Developer is requesting a total of approximately \$5,055,900 of costs to be reimbursed.

Policy #8

Policy #8 limits the TIF assistance to 15% of hard construction costs, including the costs of acquisition. Based on total hard construction costs of \$30,612,832 the Developer can receive up to \$4,591,924. The Developer is requesting \$5,055,900 which is above the maximum allowed. Policy #8 also states that the Developer must provide at least 10% of total capital costs as Developer's equity in the project. It is estimated the Developer will contribute \$6,162,566 as equity which is 20% of the total capital costs.

Purpose

The purpose of this report is to establish and determine the allowable value of the tax increment financing (TIF) for 1617 South University Block, a development by Craig Development, LLC (the "Developer").

PFM first reviewed the application to ensure that appropriate assumptions regarding property value, rent, vacancy, expenses, and debt were used by the Developer. Based on those assumptions, PFM projected a 10-year cash flow, calculating an internal rate of return ("IRR"). We also made sure the Developer followed the City of Fargo's (the "City") Tax Increment Financing Policy (the "Policy") including the allowable costs and the Developer's calculations for determining the amount of allowable subsidy financing. The following report details PFM's analysis and conclusions concerning the viability of the proposed project without the subsidy.

Project

The project being proposed by the Developer includes the development of a 127-unit mixed-use rental apartment building located at 1617 South University Block.

The Developer estimates the construction will be completed in the Summer of 2024 with occupancy immediately following. The Developer has requested TIF assistance in the amount of \$5,055,900 to complete the project.

Assistance Request

The Developer is requesting assistance in the form of tax increment financing under the City's Tax Increment Financing Policy. The Policy provides public assistance to a development through tax increment financing for private development. According to the Policy, the maximum TIF assistance is 15 years, and the Developer is asking for a 15-year exemption.

Eligible TIF Expenditures

Public Infrastructure	\$ 704,000
Land Acquisition/Write Down	2,900,000
Site Survey/Soil Borings	86,000
Building Demo, Clearing, Tree Removal	705,900
Closing Costs for Land	55,000
Site Clearing/Grading	<u>605,000</u>
	\$5,055,900

The Policy limits the TIF assistance to 15% of hard construction costs, including the costs of acquisition. Based on total hard construction costs of \$30,612,832 the Developer can receive up to \$4,591,924. The Developer is requesting \$5,055,900 which is above the maximum allowed.

Land Cost

The Developer states the purchase price to acquire the property for the project is \$2,900,000. Land acquisition is reimbursable under the Policy. The Developer is requesting to be reimbursed \$2,900,000 for the land acquisition which complies with the Policy.

The Policy states that the maximum eligible land costs to be recouped by the Developer should be limited to the lesser of:

- 1.) **The total acquisition cost for the property, provided that the acquisition cost is no more than 150% of the assessor's market value of the property.** The Developer's cost to acquire the property is \$2,900,000. The assessor's market value for the property totals \$2,588,300. The eligible amount for reimbursement is 150% of \$2,588,300 which totals \$3,882,450. The Developer's reimbursement request of \$2,900,000 is within the allowable reimbursable amount under this policy.
- 2.) **The difference between what was paid by the Developer for the property less the assessor's market value for the land (as opposed to land and buildings).** The current assessor's land value is \$597,000. Based on an acquisition price of \$2,900,000 the maximum reimbursement is \$2,303,000.

The lesser of the two tests detailed above is \$2,303,000. The requested reimbursement amount for land acquisition of \$2,900,000 is not allowable under the Policy.

Term

The Policy states the length of the term will be limited to 15 years or less. The Developer is requesting a 15-year term.

TIF Estimate

PFM estimates that \$4,833,134 of TIF will be generated over the 15 years assuming a 3.50% market growth rate. Based on a discount rate of 4.50%, the present value of the estimated TIF cash flow is \$3,442,072 through 15 years.

Project Financing

The Developer is investing 20% equity, or \$6,122,566, and will be privately financing \$24,490,266. The Developer is additionally requesting annual TIF assistance in the total amount of \$5,055,900. The private financing is estimated to be a 25-year loan with an estimated interest rate of 3.75% resulting in an annual principal and interest payment of \$1,510,808. The application states the project will be completed by the Summer of 2024.

Return Analysis

In calculating the internal rate of return, PFM first analyzed the Developer's assumptions including expected monthly rent, vacancy rate, and operating expenses. The Developer is proposing rents of \$945 for a studio, \$1,075 for a one-bedroom, and \$1,375 for a two-bedroom. Additionally, the Developer is proposing net retail income of \$390,801 upon stabilization and full rental of the 13,350 square foot retail space. The Developer has proposed a reasonable amount for rent for the current market and location. Annual estimates of operating expenses for the 127-unit rental development total \$613,033 in year 1 and \$652,235 in year 2. The total expenses are approximately 48% of gross operating income in year 1 and 31% of gross operating income in year 2.

The second step in determining the internal rate of return is to determine the earned incremental value of the property over a 10-year period. That value, along with the net operating income cash flows, was used to calculate the internal rate of return. PFM determined that without TIF assistance the Developer would have about a 3.27% internal rate of return based on a 10-year internal rate of return. The Developer would have about a 7.74% internal rate for 10 years if it received the public assistance. A reasonable rate of return for the proposed project is 10% - 15%.

The above IRR calculations were done under the assumption that the new appraised market value of the property would equal 80% of hard capital costs related to the project. The below table shows the impact on the 10- and 15-year IRR's with and without public assistance if the new appraised value were to be 80%, 90%, and 100% of hard capital costs:

Without TIF			
New Market Value % of Hard Capital Costs	100%	90%	80%
10-Year IRR	9.09%	6.59%	3.27%
15-Year IRR	10.09%	9.23%	8.21%
With TIF			
New Market Value % of Hard Capital Costs	100%	90%	80%
10-Year IRR	13.66%	11.06%	7.74%
15-Year IRR	13.97%	12.91%	11.68%

Another measure of feasibility and project viability is the debt coverage ratio. PFM has projected a debt coverage ratio in Year 10 of 1.08x without assistance, with a Year 3 coverage of 0.99x. If the City provided assistance to the project the debt coverage is projected to be 1.30x in Year 10, with a Year 3 coverage of 1.16x.

The above coverage calculations were done under the assumption that the new appraised market value of the property would equal 80% of hard capital costs related to the project. The table on the next page shows the impact on the 10- and 3-year coverage ratios with and without public assistance if the new appraised value were to be 80%, 90%, and 100% of hard capital costs:

Without TIF			
New Market Value % of Hard Capital	100%	90%	80%
Year 3 Coverage Ratio	0.94x	0.97x	0.99x
Year 10 Coverage Ratio	1.02x	1.05x	1.08x

With TIF			
New Market Value % of Hard Capital	100%	90%	80%
Year 3 Coverage Ratio	1.16x	1.16x	1.16x
Year 10 Coverage Ratio	1.30x	1.30x	1.30x

Using PFM's "without assistance" cash flow as the base scenario, PFM ran sensitivity analyses in order to determine if the project would be likely to occur without public assistance. For the first sensitivity analysis, PFM analyzed how much project funds would have to decrease in order to produce a reasonable internal rate of return. We also looked at how much the rental rates and commercial revenue would have to fluctuate in order to achieve a reasonable internal rate of return. Lastly, we looked at a combination of the two scenarios. For the sensitivity analyses, we assumed an internal rate of return of 7.74%.

Sensitivity Scenario 1 – Project Costs

The project would have to be reduced by \$2,370,000 or 7.7% in order for the project to become viable without assistance. This reduces the amount to be financed from \$24,490,266 to \$22,594,266 and reduces the annual payment from \$1,510,808 to \$1,393,843 for the loan. It is unlikely that a reduction in project costs of this magnitude would occur at this stage in the development but could still occur.

Sensitivity Scenario 2 – Rental Rates and Commercial Revenue

In order for the project to be viable without public assistance, the rental rates and commercial revenues would have to increase by 39.2%. PFM believes this is a very high increase to the Developer's proposed rents. This increases annual rental and commercial revenue from \$1,763,835 to \$1,944,731. PFM believes the proposed rents and commercial revenues are reasonable and does not believe an increase this large would occur.

Sensitivity Scenario 3 – Combination of Project Costs and Rental Rates

The final scenario looks at both a reduction of project costs and an increase in rental rates. The analysis showed that project costs would have to be reduced by \$1,980,000 or 6.5% and rental rates and commercial revenues would have to increase by about 6.4%. Either of these events could occur but may be unlikely to occur together.

The above scenarios show the circumstances in which the project would become viable without public assistance. PFM has determined that the project is unlikely to occur "but-for" the public assistance.

Conclusion

The Developer will bear all the risk involved with the project. The Developer is dependent on a number of factors before and after the project is completed, including project costs, occupancy of the buildings, the rental market, and monthly expenses. The base scenario without assistance along with the sensitivity analyses demonstrates that the project would be unlikely to be feasible without assistance.

PFM has calculated that with public assistance, and based on the assumptions outlined in this report, a 10-year internal rate of return is estimated to be 7.74%. In addition, the coverage ratio in Year 10 is estimated to be 1.30x. The estimated internal rate of return is appropriate given the risk level for this type of project. Based on the information provided to PFM, the calculated internal rate of return and the coverage requirements, PFM concludes the project would not be feasible without public assistance.
