## Weed Control Progress Report

May 2, 2023

Period from to April 11 to May 2, 2023

submitted by Stan Wolf

---

### Monthly Report:

**Weed Seed Free Forage JPA:** The Weed Board has entered into a Joint Powers Agreement with the North Dakota Department of Agriculture in 2009 for inspecting Weed Seed Free Forage hay lands. The agreement is renewed annually. The present agreement expires on April 30, 2023. The renewal agreement arrived on Wednesday, April 12, after our last meeting. Mr. Wolf contacted Chairman Wilcox regarding signing the JPA to continue the inspection program. Mr. Wilcox did sign and the JPA was submitted to the NDDA on April 14, 2023

**Seasonal Field Aid:** The summer field aid position has been posted in many university student groups at NDSU, MSUM, Wahpeton State College, and Minnesota State Community and Technical College with no resulting applications turned in.

**Pickup sale:** Payment was received in the amount of \$14,900.00 on April 20 for the Dodge pickup that was sold on the Public Surplus online auction site.

Mr. Wolf has submitted pesticide application notices for the 2023 spraying season to the ND Department of Health. The notices are required for pesticide applications directly onto water. The targeted weeds are cattails, Purple loosestrife, Spotted hemlock, and the water weeds in the swim beach at Brewer Lake Campground.

Spray equipment is being prepared for the spray season.

### **Upcoming Events:**

NDWCA Sprayer School  
NDWCA board meeting

June 1, Carrington  
June 27, Bismarck
