MEMO

TO: Cass County Commission
FROM: Bob Henderson, IT Director
DATE: 1/4/2024
SUBJECT: 2024 Server and Storage Hardware Refresh

Commissioners,

It is time to refresh our Server and Storage environments for Cass County. These are critical infrastructure pieces that support the majority of County processes, requiring updates on a normalized schedule.

As presented in the 2024 IT Budget, we have worked diligently to design a resilient, modern solution to the best use of taxpayer dollars while meeting the Counties growing IT needs.

Through various suppliers, we have identified Servers and Storage that meet these needs at agreeable pricing. We have also identified any needed networking hardware to support this gear.

The purchases in the suggested motion are **budgeted expenses** and are already included in the 2024 IT Budget.

SUGGESTED MOTION:

Authorize the IT Director to purchase required hardware to refresh the County's Server and Storage environment up to the value of \$185,000 as budgeted to line item 101-1801-401.74.14.
