

December 9th, 2024

Tony Grindberg, Chair

Cass County Commission

211 9th St. S.

Fargo, ND 58103

Commission Chair Grindberg,

The Cass County Sheriff's Office is looking to add some additional equipment to their Major Crimes and Critical Incident Command Vehicle. The additional equipment would include investigative supplies and safety equipment used to respond to rapidly evolving situations such as a barricaded subject, active shooter or coordinated mass casualty situation. In speaking with the Finance Office, it was learned that there are additional funds in the Local Assistance and Tribal Consistency Fund (LATCF) funds and that no other departments have requested these funds. The request is to purchase these items in the amount of \$21,278.95 utilizing Local Assistance and Tribal Consistency Fund (LATCF) funds.

Suggested Motion

"Move to approve the purchase of the requested items to be purchased out of the Local Assistance and Tribal Consistency Fund (LATCF) funds in the amount of \$21,278.95."

Respectfully,

Jesse Jahner
Cass County Sheriff
