### MEMO

TO: County Commission  
FROM: Amanda Johnson, Interim Emergency Manager  
DATE: May 12, 2025  
SUBJECT: Fire Emergency and Burn Restrictions Declaration

---

#### Commissioners:

Due to ongoing high fire risk conditions, I recommend the Commission declare a fire emergency and implement burn restrictions when the North Dakota Rangeland Fire Danger Rating for the county is High, Very High, or Extreme, and/or a Red Flag Warning is issued for Cass County.

Under the proposed restrictions, all open burning is prohibited. This includes campfires, garbage or pit burning, controlled burns such as brush piles and agricultural fields, and the use of fireworks — both aerial and ground-based. Exceptions are made for controlled devices such as gas camp stoves, gas, wood-fired, or charcoal grills, and outdoor fireplaces or chimineas, provided they are placed on a hard, non-organic surface at least 15 feet from vegetation, and an extinguisher or water source is immediately available.

These measures are necessary to minimize the potential for wildfires and help ensure the safety of residents and emergency personnel.

**Suggested Motion:** Move to accept the fire emergency and burn restriction declaration.
