cass meeting*

Cass County Commissioners  
211 9<sup>th</sup> St South  
Fargo, ND 58103

Commissioners,

Attached is a petition signed by all residents who are qualified electors in the area of Cass County bounded on the west by I-29, the north by Hwy 18, the east by the Red River/state border, and the south by the Richland/Cass County line, requesting to be de-annexed from Cass County.

A similar petition to annex into Richland County, signed by the same residents, is being sent to the Richland County Commission. We are requesting that this be put on the next available ballot and let the Cass County voters decide.

Respectfully,

Greg Hanson  
Rodney and Cherie Mathison  
George and Diuris Leher  
Gary and Patricia Redlin

## Petition for De-Annexation from Cass County

The below listed are the majority of qualified electors of Cass county residing in the area bordered on the west by I-29, on the north by Highway 18, on the south by County Road 46 (the current county line), and on the east by the Red River and North Dakota/Minnesota state border. an area which includes all of Sections 25 and 36, and the eastern halves of Sections 26 and 35.

We do hereby petition Cass County to de-annex this area.

It is our firm belief that we would be better represented and our needs better met by Richland County, and that Richland County would justly value our presence within their borders.

November 17, 2011

Cass County Commissioners  
211 9<sup>th</sup> St South  
Fargo, ND 58103

Commissioners,

This is in response to your quest to find ways to support residents adversely affected by the diversion/dam project. The City of Fargo and the Cass County Commission has refused to provide property appraisals in preparation for the possibility of mitigation. We therefore request that the cost of privately obtaining an appraisal be deducted from our next property tax statement. These privately obtained property appraisals will provide the Local Sponsors and Cass County taxpayers with an accurate cost of mitigation of these properties, and give us the ability to be financially prepared for what may come in the future years. Additionally, we request that any capital improvements be added into the appraisal amount and the total be given a 4% annual increase each year until mitigation occurs.

Respectfully,

Greg Hanson  
5302 174 ½ R Ave SE  
Hickson, ND 58047

Rodney and Cherie Mathison  
5298 174 ½ R Ave SE
