

## MEMO

**TO:** Cass County Commission  
**FROM:** Jeanne Erickson, Parent Educator, Cass County Extension  
**RE:** Request for approval  
*Display posters/banner in the skyway, Annex Building and boulevard*  
**DATE:** February 8, 2024

April is Child Abuse Prevention month in North Dakota. As in previous years, the members of the Child Abuse Prevention committee and Cass County Extension are requesting permission to hang a large banner in the window of the skyway, including safe LED lights to help light the sign. We would also like to place smaller posters and educational brochures in the front entry of the Annex building. Additionally, we would like permission to place child abuse prevention yard signs on the 10th street boulevards between the Annex building and the courthouse.

Other activities are scheduled in the community to promote awareness of child abuse prevention, including a family event on April 13, 2024, at the West Acres Mall from 10:00am-12:00 noon.

**Motion for review:**

Allow for posters/banner to be displayed in the skywalk (with safe lighting options) and in the front entry of the Cass County Annex building and yard signs on the 10th street Boulevard to promote awareness of Child Abuse Prevention during the month of April 2024.
