MEMO

TO: County Commission

FROM: Taylor Kaushagen

Date: October 29, 2024

Subject: Purchase door access controls for the Law Enforcement Storage Building

Buildings and Grounds and the contractor are working to complete the Law Enforcement (LEC) Storage Building. The Sheriff's Office has requested door access controls be installed to identify all people that use the LEC Storage Building and allow ease of access to the building without having to use keys. The access cards will be the same id cards utilized by the County and all staff. This was not budgeted as part of the building project.

The request today is for the purchase of door access for the LEC storage building to be paid out of the Sheriff's PC and Software budget account number 101-3502-401-65.01 from NetCenter Technologies in the amount of \$7,816.57.

SUGGESTED MOTION: Authorize purchase of door access for the LEC storage building to be paid out of the Sheriff's PC and Software budget account number 101-3502-401-65.01 from NetCenter Technologies in the amount of \$7,816.57.
